147-A:6 Enforcement.

1. The bureau may enforce such statutes and rules and may enforce its administrative decisions. Without limiting the generality of the foregoing, the bureau may order any person who violates any provision of such statutes, rules or administrative decisions to cease and desist from such violation and further may order such person to take such action as may be necessary to bring him into full compliance with such statutes, rules or administrative decisions.

II. To ascertain if premises are being used in violation of such statutes, rules or administrative decisions any agent of the bureau may enter onto such premises during reasonable hours.

When considering the request for an exemption the bureau shall consider the need of such facilities in light of the municipality's density of population and whether or not the municipality has arranged to share public disposal facilities with others as provided by RSA 53-A or is a participating member of a regional refuse disposal district established under RSA 53-B.

147-A:15 Limitation on Exemptions. No exemption shall be granted under RSA 147-A:14 or under any other provision of law, unless the governing board of the municipality certifies to the bureau that the municipality:

- II. Has been unable to enter into an agreement pursuant to RSA 53-A or 53-B.
- III. Has been unable to enter into any agreement with any other public or private entity for disposal of its waste matter.

147-A:20 Eminent Domain. The commissioner of the department of health and welfare through the bureau shall plan, finance, acquire, construct and put into operational condition public disposal facilities for any town which is subject to RSA 147-A:19. The commissioner shall have the powers of eminent domain for the purpose of this subdivision. In the selection of a site for public disposal facilities, the maintenance of environmental quality shall be of prime concern, and a public hearing shall be held prior to the acquisition of land for such purpose. Land so acquired shall be taken in the name of the state and shall not be taxable.

147-A:21 Appeal. Any municipality which is aggrieved by the decision of the bureau may institute appropriate proceedings in law or equity to enjoin the state from proceeding further under this chapter, if such proceeding would cause irreparable harm, or if the inability of the municipality to comply is found by the court to be beyond its power to do so.

147-A:22 Facility Construction. The specifications for and construction of the public disposal facility shall be the sole responsibility of the bureau.

147-A:23 Cost to State. Where a public disposal facility is completed and declared operational by the bureau it shall be operated thereafter by the municipality. The attorney general shall, upon the failure of any municipality to make payment hereunder, and upon recommendation of the bureau, cause an action of debt to be instituted in the superior court of Merrimack county against said municipality.

147-A:25 Continuing Responsibility. The bureau shall periodically inspect the public disposal facility and provide such technical assistance to the municipality as may be necessary for providing proper maintenance of the facility.

147-A:26 Ownership. The state, upon receiving the final payment made pursuant to RSA 147-A:24 shall deliver a deed to the facility site and all buildings and structures thereon.

Private Disposal Facilities

147-A:27 Approval of Private Disposal Facilities. Before a private disposal facility may be used within a municipality, the owner and the operator shall receive written approval from the municipality and from the bureau. An application for approval shall contain plans and specifications fully describing the disposal site, the processes and methods to be employed for treatment and disposal, equipment to be provided and such other information as is required by rules promulgated by the bureau. In granting approval, the municipality and the bureau shall take into consideration the potential air and water pollution, fire hazards and nearness to private dwellings and to interstate and primary highway systems.

147-A:28 Exemption. A person shall be exempt from RSA 147-A:27 who maintains a dump site on his own property:

I. In order to deposit garbage and refuse from his own residence, but only if such residence is located on such property; or

Nothing in this section shall be construed to prohibit the transportation of waste matter into the state for use as a raw material for the production of new commodities which are not waste matter. Each day that such waste matter remains in the structure, on the land or in the water in violation of this section, shall constitute a separate offense.

147-A:30 Exemption. Nothing in RSA 147-A:29 shall be construed to prohibit the disposal of out-of-state waste matter at a public disposal facility provided the out-of-state municipality of origin is a participating member of a regional refuse disposal district, or has arranged to share public disposal facilities with a municipality in this state.

147-A:31 Jurisdiction. The superior court, upon complaint of the attorney general, the municipal officer of any municipality, or any local or state health officer, shall have jurisdiction to restrain or enjoin violations of this subdivision, and to enter decrees requiring the removal from the state of waste matter deposited in violation of this subdivision. In any such civil proceeding neither an allegation nor proof of unavoidable or substantial and irreparable injury shall be required to obtain a temporary restraining order or injunction, nor shall bond be required of the plaintiff. The burden of proof shall be on the defendant to show that the waste matter involved originated within the state.

Removal, Transportation and Disposal of Putrescible Material

Any person, firm, corporation, municipality, village district or regional entity which removes, transports, or disposes, or intends to remove, transport or dispose of any putrescible material by portable or mobile container shall hold an unrevoked permit for that purpose issued by the bureau.

147-A:33 Application. Upon application for a permit the applicant shall file a statement stating the place where such material will be disposed of, the method of disposal to be employed, means by which the material will be removed or transported and submit in writing an approval from the bureau and from the board of health of the municipality in which each disposal site is to be located that such disposal is permitted.

147-A:34 Issuance. Upon receipt of an application and required statements, and if after inspection proper vehicles are found available, a permit shall be issued by the bureau authorizing the applicant to conduct said business for a period of one year or fraction. A permit shall expire June thirtieth next following its issuance.

147-A:35 Fees; Identification. The annual state permit fee, payable to the state of New Hampshire, shall be fifteen dollars for each vehicle employed. Each vehicle shall have inscribed upon its body a permit identification as required by rules adopted by the bureau. Every person operating a vehicle used in transporting putrescible material shall retain the permit as issued or a certified copy thereof in said vehicle in some easily accessible place.

147-A:36 Denial, Suspension or Revocation of Permit. If, upon inspection, the bureau finds that any tank, wagon, tank truck, tank car, can or any other container or any equipment used or intended to be used for the purpose of removal or transportation of putrescible material does not conform to the rules promulgated under this subdivision, or that such material is being disposed of in a manner contrary to such rules, the applicant shall be denied a permit. If at any time after a permit has been granted the applicant fails to operate in a manner prescribed or with equipment failing to meet the requirements as prescribed by such rules, the permit shall be revoked.

147-A:37 Procedure. Before revoking a permit, the bureau shall give written notice by certified mail stating that it contemplates such action and giving its reasons therefor. HB 858, relative to certificates of registration for optometrists not practicing in this state. Ought to pass. Rep. Ralph for Health and Welfare.

HB 877, exempting chiropractors who have practiced in this state for twenty-five years or who have reached the age of sixty-two, whichever occurs first, from the annual seminar requirement for license renewal. Inexpedient to legislate. Rep. Eugene Daniell for Health and Welfare.

The committee believed passage of this bill would lower the standards for licensure as a chiropractor. AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Definition of Employee. Amend RSA 275:42, II as inserted by 1963, 237:3, by striking out said paragraph and inserting in place thereof the following:

II. The term "employee" includes any person suffered or permitted to work by an employer. For the purposes of claims for wages under RSA 275:51, any person in the service of another shall be conclusively presumed to be an employee, not an independent contractor, if it shall have been determined to be more likely than not that the relationship can be terminated summarily, with a right to no more than compensation already earned.

2 Payment of Wages. Amend RSA 275:43, I (supp), as inserted by 1963, 237:3, as amended, by striking out in lines one and two the words "who work by the hour or day" so that said paragraph, as amended, shall read as follows:

I. Every employer shall pay all wages due to his employees within eight days including Sunday after expiration of the week in which the work is performed, on regular paydays designated in advance by the employer, in lawful money of the United States or with checks on banks convenient to the place of employment where suitable arrangements are made for the cashing of such checks by employees for the full amount of the wages due; provided, however, that all wages in the nature of health and welfare fund or pension fund contributions required pursuant to a health and welfare fund trust agreement, pension fund trust agreement, collective bargaining agreement, or other agreement, adopted for the benefit of his employees and agreed to by him shall be paid by every such employer within thirty days of the date of demand for such payment, the payment to be made to the administrator or other designated official of the applicable health and welfare or pension trust fund.

3 Date of Payment Required. Amend RSA 275:43, II, as inserted by 1963, 237:3, by striking out said paragraph and inserting in place thereof the following:

II. The commissioner may, upon written petition showing good and sufficient reason, permit payment of wages less frequently than that required by paragraph I, except that it shall be at least once each calendar month. In all instances, payment shall be made regularly on a predesignated date. The commissioner may prescribe the terms and conditions of such permission, and limit the duration thereof.

4 Specifically Authorizing the Commissioner to Adjudicate Wage Claims. Amend RSA 275:51, I as inserted by 1963, 237:4, by striking out said paragraph and inserting in place thereof the following:

I. The commissioner shall enforce and administer the provisions of this act and the commissioner or his authorized representatives are empowered to hold hearings and otherwise to investigate charges of violations of this act and to institute actions for penalties hereunder, and to entertain and adjudicate claims for wages due under the provisions of this act.

5 Adding Language to Conform with District Court System. Amend RSA 275:51, IV, as inserted by 1963, 237:4, by inserting in line four after the word "municipal" the following (or district) so that said paragraph as amended shall read as follows:

IV. In case of failure of any person to comply with any subpoena lawfully issued, or on the refusal of any witness to testify to any matter regarding which he may be lawfully interrogated, it shall be the duty of the municipal or district court, on application by the commissioner, to compel obedience by attachment proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued from such court or a refusal to testify therein.

6 Hearing Procedure for Wage Claims and Appeal on Questions of Law. Amend RSA 275:51, as inserted by 1963, 237:4, by inserting after paragraph IV the following new paragraph:

V. If an employee elects to file a wage claim under this section, the commissioner shall notify the employer by serving upon him a copy of such claim and an order to file with the commissioner within ten days from the receipt of such notice any objections to such claim specifying the grounds therefor. Service may be by certified mail with return receipt. The employer may at the time of filing objections include a written request for a hearing specifying therein an address at which the employer may be notified of the time and place of hearing. If objection is not made within ten days, the commissioner may order that payment be made in accordance with the claim. If requested, a hearing shall be afforded at which time any party may appear, with counsel if desired, and present evidence and cross-examine opposing witnesses. Any

party, at his own expense, may cause a record to be made of the hearing. A written decision shall be made within fifteen days of the hearing stating the decision and specifying the facts and conclusions upon which the decision is based. If wages are found to be due, an order for payment shall issue. Any party aggrieved by said decision may appeal to the superior court not later than twenty days from the date thereof by petition, setting forth that said decision is erroneous, in whole or in part, and specifying the grounds upon which the same is claimed to be in error. Upon the filing of an appeal, the commissioner shall transfer to the court the record of the proceeding before him or a certified copy thereof. The scope of review by the superior court shall be limited to questions of law. After hearing and upon consideration of the record, the court may affirm, vacate or modify in whole or in part the decision of the commissioner, or may remand the same to the commissioner for further findings. In the absence of a seasonable appeal, said decision and order shall be final, shall be entered upon the docket of the superior court at the request of the prevailing party, may be enforced as a judgment of said court, and shall be a lien upon the property of said employer situated in the state for a period of three years from the time of said decision. It is a requirement of this chapter for purposes of RSA 275:52 that a final order be immediately satisfied by the employer.

7 Commissioner Discretion in Taking Assignment of Wage Claim. Amend RSA 275:53, II, as inserted by 1963, 237:4, by striking out in line three the word "shall" and inserting in place thereof the following (may) so that said paragraph as amended shall read as follows:

II. Whenever the commissioner determines that wages have not been paid, and that such unpaid wages constitute an enforceable claim, the commissioner may upon the request of the employee take an assignment in trust for such wages and/or any claim for liquidated damages, without being bound by any of the technical rules respecting the validity of any such assignments and may bring any legal action necessary to collect such claim. With the consent of the assigning employee at the time of the assignment the commissioner shall have the power to settle and adjust any such claim to the same extent as might the assigning employee.

8 Effective Date. This act shall take effect sixty days after its passage.

HB 679, relative to legislative mileage. Ought to pass with amendment. Rep. Ryan for Legislative Administration.

This bill will give legislators a choice of three rates of mileage. They may either elect to take no mileage, to take it at the present rate schedule, or to take it at a new schedule. The new schedule provides that legislators will be paid at a rate of 50 cents a mile for the first five miles, 35 cents a mile for the next 40 miles, 20 cents a mile for the next 20 miles and 15 cents a mile for all remaining miles. The bill also establishes a maximum limit of \$40 per day.

The amendment makes the measure effective at the next regular session, and makes members pick a schedule within ten days of the organizational meeting of the legislature. The committee vote was unanimous.

Present costs of operating an automobile justify this legislation. The committee feels that no person should lose money in mileage for the privilege of serving in the House.

Minority: During each session of the legislature the Resources, Recreation and Development committee is presented numerous bills requesting limitations on the use of various bodies of water in the state by controlling such things as motor horsepower, noise, water-skiing, speed, type of motors, etc.

Our committee always has trouble making decisions on these bills. The minority feels that we should not pass any more of these bills until a study is undertaken to attempt to set a policy for guiding our future decisions. There is a strong need to eliminate the "hit or miss" method of handling these bills that is being used currently.

Rep. Kenneth Spalding withdrew the minority report.

Ordered to third reading.

study of the seacoast area, which was conducted for the board by the engineering firm of Camp, Dresser and McKee of Boston, Massachusetts, in 1960, shall be updated where required relative to engineering design, equipment and facility needs and the projected costs for each phase of this program. The board shall present an updated plan to the various cities and towns involved or which would be involved in any project undertaken pursuant to this study. The plan shall indicate the approximate cost to each city and town for which a bonded indebtedness would require local voter approval and shall further indicate any federal funding that may be available for all or any portion of an approved project in this study. A progress report on the activities of the board relative to this project shall be made to the president of the senate and the speaker of the house on or before December 15, 1976. Nothing in this section shall be construed as requiring a repairman to give a written estimated price if he does not agree to perform the requested repair.

SUPREME COURT OPINION ON HB 537

The clerk read the advisory opinion in full.

To the House of Representatives:

The undersigned justices of the supreme court return the following reply to the inquiries contained in your resolution dated April 16, 1975, and filed with this court on April 17, 1975.

Under the New Hampshire constitution the supreme court cannot render advisory opinions on the constitutionality of existing laws as the resolution asks it to do with regard to RSA 214:9-a. N.H. CONST. pt. II, art. 74; Opinion of the Justices, 109 N.H. 578, 583, 258 A.2d 343, 347 (1969); Opinion of the Justices, 99 N.H. 524, 525, 113 A.2d 542, 543 (1955); Opinion of the Court, 62 N.H. 704, 705 (1816). Since the second question assumes that the court finds RSA 214:9-a to be unconstitutional, an answer to that question cannot be rendered under art. 74.

Nevertheless, the primary focus of the resolution, whether the proposed amendment to RSA 214:9-a violates either the State or the Federal constitutions, may be examined briefly. Equal protection of the laws is guaranteed by both the New Hampshire and the United States constitutions. N.H. CONST. pt. I, art. 1; U.S. CONST., amend. XIV, s. 1. While equal protection does not require complete equality in the face of factual differences, it does mandate that those who are similarly situated be similarly treated. *Belkner v. Preston*, 115 N.H. , , 332 A.2d 168, 170 (1975).

"Resident aliens, like citizens, pay taxes, support the economy . . . and contribute in myriad other ways to our society." In *Re Griffiths*, 413 U.S. 717, 722 (1973). Elimination of the requirement that aliens must have an honorable discharge from the United States armed forces in order to obtain a residential hunting or fishing license, conforms with the applicable constitutional standards guaranteeing equal protection of the laws to resident aliens. *Sugarman v. Dougall*, 413 U.S. 634, 641 (1973); *Graham v. Richardson*, 403 U.S. 365, 371 (1971); *Takahashi v. Fish and Game Comm'n*, 334 U.S. 410, 420 (1948); *Yick Wo v. SENATE MESSAGE NONCONCURRENCE

HB 251, establishing speed limits on open inland waterways of the state where not otherwise limited and limiting operation of motor boats by certain minors.

QUALIFIED

Rep. Fayne E. Anderson, District No. 7, Grafton County, took and subscribed the oath of office of Representative to the General Court before the Governor and Council on April 30, 1975.

COMMITTEE ASSIGNMENT

Rep. Anderson was assigned to the Committee on State Institutions.

The Speaker called for the special orders:

HB 516, relative to collective bargaining rights of public employees of political subdivisions and making an appropriation therefor. Ought to pass with amendment. Rep. Sackett for Labor, Human Resources and Rehabilitation.

The committee considered six bills dealing with collective bargaining. HB 516 as amended is the product of long and hard bargaining and represents significant compromise by both sides.

The committee amendment incorporates the best features of all six bills. It balances broad collective bargaining rights with a tougher "no strike" clause than any of the original six bills had and it preserves management rights. All of the Labor Committee members, who represented every point of view, recognized the critical need for legislation of this type in New Hampshire this year and voted 19 to 1 to support the bill as amended.

Rep. Sackett explained the bill.

Rep. French moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass with amendment, and spoke to his motion.

Reps. Spirou, Close, McGlynn, Donald DeCesare, Russell Chase, McNichol, Griffin, Coutermarsh, Wheeler and Skinner spoke against the motion.

Reps. William Boucher, Eugene Daniell, Van Loan, Barbara Kidder, Philip Currier, Drake and Bednar spoke in favor of the motion.

Rep. George Thibeault moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Sufficiently seconded.

Reps. Horrigan and Lessard abstained from voting under Rule 16 but wished to be recorded in favor of the passage of HB 516.

AMENDMENT

Question now being on the committee amendment.

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT
relative to collective bargaining rights
for public employees.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

I. Statement of Policy. The legislature declares that it is the policy of the state to foster harmonious and cooperative relations between public employers and their employees and to protect the public by encouraging the orderly and uninterrupted operation of government. This can best be achieved by:

1. Acknowledging the right of public employees to organize and to be represented for the purpose of bargaining collectively with the state or any political subdivision thereof, and with the university system.

II. Requiring public employers to negotiate in good faith and to enter into written agreements with employee organizations which have been certified as representing their public employees; and

III. Establishing a public employee labor relations board to assist in resolving disputes between government and its employees.

2 New Chapter. Amend RSA by inserting after chapter 273 the following new chapter:

CHAPTER 273-A
Public Employee Labor Relations

273-A:1 Definitions. In this chapter:

I. "Board" means the public employee labor relations board created by RSA 273-A:2.

II. "Cost item" means any benefit acquired through collective bargaining whose implementation requires an appropriation by the legislative body of the public employer with which negotiations are being conducted.

III. "Impasse" means the failure of the two parties, having exhausted all their arguments, to achieve agreement in the course of good faith bargaining, resulting in a deadlock in negotiations.

IV. "Public employee" means any person employed by a public employer except, persons:

(a) Elected by popular vote;

(b) Appointed to office by the chief executive or legislative body of the public employer;

(c) Privy to confidential information related to the collective bargaining process; or

(d) On probationary or temporary status, or employed seasonally or on-call.

V. "Public employer" means the state or any political subdivision thereof, any quasi-public corporation, council, commission, agency or authority, the university system, and where the context is appropriate any persons authorized to negotiate or execute a collective bargaining agreement on their behalf.

VI. "Service fees" means any assessment of nonmember employees in a bargaining unit for services rendered by an exclusive representative in negotiating and administering an employment agreement provided that such assessment shall not exceed membership dues.

VII. "Terms and conditions of employment" means wages, hours and other conditions of employment other than managerial decisions necessarily within the exclusive prerogative of the public employer, or confided exclusively to the public employer by statute.

273-A:2 The Board.

I. There is hereby created within the department of labor a public employee labor relations board consisting of five members, appointed by the governor and council. The members shall elect one of their members to be chairman. Two members shall be appointed to represent labor and shall have extensive experience representing organized labor. Two members shall be appointed to represent management and shall have extensive experience in representing management interests. One member shall be appointed to represent the public at large. No member shall hold elective or appointive public office at the time of his appointment or during his term. Members of the board may be removed by the governor and council for cause.

II. Each member of the board shall serve for a term of six years, except that of the members first appointed, one shall be appointed for two years, one for three years, one for four years, one for five years and one for six years. Each member shall

serve until his successor is appointed and qualified. A person appointed to fill a vacancy shall be appointed for the unexpired term by the governor and council.

III. Three members of the board shall constitute a quorum. In the chairman's absence, the senior member present shall act as temporary chairman.

IV. The board may appoint an executive director and such other staff, including counsel, as it deems necessary.

V. The board shall maintain a list of neutral third parties who may serve as fact-finders, mediators and arbitrators, but the parties may agree upon other persons not on the list.

VI. The board may promulgate rules, establish procedures, issue opinions interpreting this chapter and conduct such studies as it deems necessary to fulfill its statutory duties. Interpretive decisions of the board shall be advisory only and shall not be binding on any court.

273-A:3 Right to Organize. Public employees have the right to form, join and participate in the affairs of employee organizations, without interference or retaliation, and to be represented by such employee organizations in negotiating written employment agreements and settling grievances arising thereunder with public employers.

273-A:4 Obligation to Bargain.

I. It is the obligation of the public employer and the employee organization certified by the board as the exclusive representative of the bargaining unit to negotiate in good faith. "Good faith" negotiations involves meeting at reasonable times and places in an effort to reach agreement on the terms of employment, and to cooperate in mediation and fact-finding required by this chapter, but the obligation to negotiate in good faith shall not compel either party to agree to a proposal or to make a concession.

II. (a) Any party desiring to bargain over a cost item shall serve written notice of its intention on the other party at least one hundred twenty days before the final date of submission of the public employer's budget.

(b) The public employer shall submit any cost item to its legislative body within thirty days after signing a collective bargaining agreement. If the legislative body rejects any part of the submission, or while accepting the submission takes any action which would result in a modification of the terms of the cost item submitted to it, either party may reopen negotiations on all or part of the entire agreement.

(c) Only cost items shall be submitted to the legislative body of the public employer for approval. All other provisions of the collective bargaining agreement shall take effect when the agreement is executed or when the parties may otherwise agree.

III. It is the obligation of the public employer to meet and confer with employee organizations representing professional and administrative employees in its employ regarding managerial decisions determined to be within the exclusive prerogative of the public employer.

IV. Managerial decisions necessarily within the exclusive prerogative of the public employer may not be made unreasonably or capriciously; and any managerial decision affecting the terms and conditions of employment alleged to have been so made shall be subject to the grievance procedure prescribed by the collective bargaining agreement. Appeal from a decision of the arbitrator that management's rights have been exercised unreasonably or capriciously shall be to the superior court of the county wherein the grievance arose, and the arbitrator's decision shall be upheld if it is supported by substantial evidence on the record considered as a whole.

273-A:5 Agreements.

I. Every agreement negotiated under the terms of this chapter shall be reduced to writing and shall contain:

(a) Grievance procedures negotiated by the parties resulting in binding arbitration or a provision adopting the rules of the state personnel commission which shall govern the resolution of grievances. No part of an arbitrator's award in a grievance proceeding requiring the expenditure of funds not previously appropriated shall be enforceable without the approval of the lawmaking body.

(b) A "no strike" clause.

(c) A "no lockout" clause.

(d) A provision for payroll deductions for membership dues and for such service fees as the exclusive bargaining representative may be entitled to under RSA 273-A:11, I, (b).

II. If there is a conflict between an agreement and the rules adopted by the public employer or statutes relative to terms and conditions of employment, the terms of such agreement shall prevail so long as they are not inconsistent with the merit principle or the principle of equal pay for equal work.

III. Nothing herein shall be construed to diminish the authority of the state personnel commission, or any board or agency established by statute or charter to conduct and grade merit examinations from which appointments or promotions may be made.

273-A:6 Unfair Labor Practices Prohibited.

I. It shall be a prohibited practice for any public employer:

(a) To restrain, coerce or otherwise interfere with its employees in the exercise of the rights conferred by this chapter;

(b) To dominate or to interfere in the formation or administration of any employee organization;

(c) To discriminate in the hiring or tenure, or the terms and conditions of employment of its employees for the purpose of encouraging or discouraging membership in any employee organization;

(d) To discharge or otherwise discriminate against any employee because he has filed a complaint, affidavit or petition, or given information or testimony under this chapter;

(e) To refuse to negotiate in good faith with the exclusive representative of a bargaining unit, including the failure to submit to the law-making body within the appropriate time, any cost item agreed upon in negotiations;

(f) To invoke a lockout;

(g) To fail to comply with this chapter or any rule issued hereunder;

(h) To breach a collective bargaining agreement.

II. It shall be a prohibited practice for the exclusive representative of any public employee:

(a) to restrain, coerce, or otherwise interfere with public employees in the exercise of their rights under this chapter;

(b) To restrain, coerce, or otherwise interfere with public employers in their selection of agents to represent them in collective bargaining negotiations or the settlement of grievances;

(c) To cause or attempt to cause a public employer to discriminate against an employee in violation of RSA 273-A:6, I, (c), or to discriminate against any public employee whose membership in an employee organization has been denied or terminated for reasons other than failure to pay membership dues;

(d) To refuse to negotiate in good faith with the public employer;

(e) To engage in a strike or other form of concerted activity tending to disrupt the normal operation of the public employer; provided, that nothing herein shall be construed to prohibit informational picketing;

(f) To breach a collective bargaining agreement.

III. It shall be a prohibited practice for either a public employer or the exclusive representative of a public employee to do anything that is an unfair labor practice under the National Labor Relations Act.

273-A:7 Violations.

I. The board shall have primary jurisdiction over all violations of RSA 273-A:6, complaints of which shall be filed by affidavit.

II. The board shall schedule a hearing within thirty days after the filing of a complaint and shall give at least forty-eight hours' notice of the hearing by certified mail to all persons required to appear and to the representative of the party against whom a complaint has been filed, who shall therewith be given a copy of the complaint.

III. The board may issue a cease and desist order which it deems necessary in the public interest, pending the hearing.

IV. The board shall have the power to compel the attendance of witnesses and the production of documents by the issuance of subpoenas, and to take testimony under oath, as provided in RSA 516, and may delegate such powers to any persons it may appoint.

V. The board shall not be bound by the rules of evidence in conducting hearings under this section, and it may permit the complainant to amend his charge at any stage of the proceedings.

VI. Both parties shall have the right to be represented by counsel.

VII. The board shall render its decision within thirty days after the hearing. Upon finding that a party has violated RSA 273-A:6, the board shall issue a cease and desist order, which may order reinstatement of an employee with back pay, periodic reporting of compliance or such other relief as the board may deem necessary.

VIII. The board shall summarily dismiss any complaint of a violation of RSA 273-A:6 which is alleged to have occurred more than six months prior to the filing of the complaint.

273-A:8 Injunctions. The board may petition the superior court for the county in which the party sought to be enjoined is principally located for such order of the court as may be necessary to compel obedience to the board's order and the superior court shall issue such order upon satisfying itself that:

I. The order of the board was within its jurisdiction to issue, and

II. There is substantial evidence on the record considered as a whole to support the finding of the board.

273-A:9 Determining the Bargaining Unit. The board shall determine the appropriate bargaining unit and shall certify the exclusive representative thereof when petitioned to do so under RSA 273-A:10 subject to the following restrictions:

I. The board should certify the largest possible bargaining unit taking into consideration the limits of authority of the supervisory official with whom the bargaining agent will negotiate, but in no case shall it certify a bargaining unit of less than ten public employees.

II. The public employees within any bargaining unit shall share a community of interest.

III. No bargaining unit shall be composed of professional and non-professional employees unless the professional employees choose otherwise by majority vote; or of persons exercising administrative or supervisory authority involving the significant exercise of discretion and the employees whom they supervise.

IV. The determination of appropriate units shall be subject to review in the superior court only as set out in RSA 273-A:8.

273-A:10 Elections.

I. If a petition is filed by:

(a) At least thirty percent of the employees in the bargaining unit seeking recognition, or one hundred employees, whichever is less, alleging that they wish to be represented in collective bargaining by an employee organization as their exclusive representative or asserting that the employee organization which has been certified by the board is no longer the representative of the majority of employees in the bargaining unit; or

(b) A public employer alleging that one or more employee organizations has submitted to it a petition to be recognized as the exclusive representative of a majority of employees in a bargaining unit the board shall investigate such petition and may hold hearings for the purpose of determining whether or not grounds exist for conducting an election. Upon so finding the board shall order an election to be held under its supervision, and in accordance with rules prescribed by the board. Otherwise, it shall dismiss the petition.

II. The petition shall consist of separate forms for each employee, whose names shall not be disclosed.

III. The ballot shall contain a space permitting a vote against representation by any employee organization whatever; and no election shall be held within twelve months after an election in which a majority of those voting cast ballots against representation by any employee organization.

IV. An employee organization receiving a simple majority of the vote shall be certified by the board as the exclusive representative of the bargaining unit. In the absence of a simple majority, a run-off election shall be conducted between the two organizations receiving the most votes.

V. The board shall not certify any employee organization as the exclusive representative of a bargaining unit without an election being held pursuant to this section, except that existing units shall be certified by the board if they have a signed contract with their employee.

VI. (a) Certification as exclusive representative shall remain valid until the employee organization is dissolved, voluntarily surrenders certification, loses a valid election or is decertified.

(b) The board shall decertify any employee organization which is found in a judicial proceeding to discriminate with regard to membership, or with regard to the conditions thereof, because of age, sex, race, color, creed, marital status or national origin; or have systematically failed to allow its membership equal participation in the affairs of the employee organization.

VII. Two or more bargaining units may combine for the purpose of engaging in collective bargaining negotiations with a single public employer and the bargaining unit thus created shall enjoy the same rights and be subject to the same duties as if a single exclusive representative for the combined bargaining unit had been certified by the board.

VIII. The board shall be governed in representation proceedings under this section by the appropriate rules of the state department of labor not in conflict with this chapter until the board adopts rules and procedures pursuant to RSA 273-A:2.

273-A:11 Rights Accompanying Certification.

I. Public employers shall extend the following rights to the exclusive representative of a bargaining unit certified under RSA 273-A:9:

(a) The right to represent employees in collective bargaining negotiations and in the settlement of grievances. An individual employee may, however, present an oral grievance to his employer without the intervention of the exclusive representative. The exclusive representative shall have the opportunity to be present at the hearing and any resolution of the grievance shall not be inconsistent with the terms of an existing agreement between the parties.

(b) The right to payroll deductions of membership fees, and of service fees when provided for in the collective bargaining agreement.

(c) The right to represent the bargaining unit exclusively and without challenge during the term of the collective bargaining agreement. No election shall be held more than one hundred eighty or less than one hundred twenty days prior to the budget submission date in the year such collective bargaining agreement shall expire.

II. Employees who act as representatives of the bargaining unit shall be given the opportunity to meet with the employer or his representatives during working hours, without loss of compensation or benefits.

273-A:12 Resolution of Disputes.

I. Whenever the parties request the board's assistance or have bargained to an impasse, and if the parties have not reached agreement on a contract within thirty days before the budget submission date, a mediator agreed to by the parties or appointed by the board shall undertake to mediate the dispute.

II. If mediation does not result in agreement within fifteen days before the budget submission date, a fact-finder agreed to by the parties or appointed by the board shall undertake fact-finding. The fact-finder shall report his findings in writing to the parties not later than ten days prior to the budget submission date, together with his recommendations for resolving each of the issues in dispute.

III. If either of the parties rejects the fact-finder's recommendations, he shall submit his findings and recommendations together with the last proposal of both parties to the membership of the employee organization and to the lawmaking body of the public employer, who shall vote to accept or reject the board's recommendation or the proposal of the other party.

IV. If the impasse is not resolved following transmittal of the fact-finder's findings of fact and recommendations, negotiations shall be reopened and mediation shall begin not later than five days and fact-finding not later than ten days after the reopening of negotiations; and the fact-finder shall submit his findings and recommendations for approval by the membership of the employee organization and the lawmaking body of the public employer, as under paragraph III, not later than thirty days after the reopening of negotiations.

V. If the impasse is not resolved following the second transmittal of the fact-finder's findings of fact and recommendations:

(a) In the case of firefighters, law enforcement personnel and corrections officers, an arbitrator appointed by the board shall arbitrate the dispute, unless the parties shall name another arbitrator, and shall render a decision within thirty days, which shall be binding on both parties. The determination of the arbitrator shall constitute a mandate to the appropriate officer of the public employer with respect to administrative matters and to the legislative body of the public employer with respect to matters which require legislative action to take the actions necessary to carry out

the determination of the arbitrator. Town meetings called for the purpose of complying with an arbitrator's award made under this section are authorized to issue short term notes payable not later than thirty days after the next annual town meeting and shall, at said annual town meeting next following the issuance of said notes, appropriate sufficient funds to retire the notes. If sufficient funds are not appropriated to retire said notes, the appropriate tax official shall assess sufficient taxes to retire the notes.

(b) In the case of all other employees, the parties may submit their dispute to arbitration.

(c) In making his decision, an arbitrator shall take the following factors into account:

(1) the wages, hours and other terms and conditions of employment of employees similarly situated in other states or other political subdivisions of comparable size;

(2) the degree of education, skill, experience and hardship associated with the work performed; and

(3) the revenue traditionally available to and the funds traditionally appropriated by the legislative body for the services performed.

VI. The parties shall share equally all fees and other costs of mediation, fact-finding and arbitration.

VII. Special town meetings called in accordance with paragraph V shall not be required to satisfy the quorum requirements of RSA 31:5.

273-A:13 Strikes Prohibited. Strikes and other forms of concerted action by public employees designed to interfere with the orderly conduct of operations by public employers are hereby declared to be unlawful. Upon petition to the superior court, an appropriate order shall issue to compel compliance with any order of the board issued pursuant to RSA 273-A:7 for a violation of RSA 273-A:6, II (c), subject only to the review authorized by RSA 273-A:8. Notwithstanding the foregoing, it shall not be an unfair labor practice for the members of an employee organization to strike or otherwise engage in concerted activity tending to disrupt the normal operation of the public employer if the public employer shall be ten days or more in violation of a cease and desist order of the board for violation of RSA 273-A:6.

273-A:14 Appeals. Any person aggrieved by a final order of the board granting or denying in whole or in part the relief sought may obtain review of such order in the manner prescribed in RSA 541.

273-A:15 Actions by or Against Public Employee Organizations. Actions by or against the exclusive representative of a bargaining unit may be brought, without respect to the amount of damages in the superior court of the county in which it is principally located, or where the plaintiff resides or has its principal place of business, if the plaintiff is a resident of this state or is incorporated in this state.

273-A:16 Records and Reports.

I. A copy of all agreements reached as a result of collective bargaining under this chapter shall be filed with the board by the parties within fourteen days after execution of said agreement.

II. All documents and records of the board shall be public records and shall be kept for a minimum of ten years.

III. The board shall annually submit a report of its activities to the governor and council.

IV. Nothing in this chapter shall terminate or modify a bargaining unit, certification of an exclusive representative, or collective bargaining agreement in existence on the effective date of this chapter.

3 Repeal. The following chapters of the RSA are hereby repealed:

I. RSA 98-C, relative to management employee relations.

II. RSA 105-B, relative to police organizations.

4 Effective Date. This act shall take effect one hundred eighty days after its passage.

REGULAR CALENDAR (continued)

A quorum count was requested.

The Speaker declared a quorum present.

HB 698, authorizing state-wide branch banking subject to certain limitations. Majority: Ought to pass with amendment; Rep. Elmer S. Wiggin for Banks and Insurance. Minority: Inexpedient to legislate. (Reps. Burns, Milne, Packard, Logan, Carter, Baker, Bartlett, H. Gwendolyn Jones and Burrows)

Majority feels that this bill would tend to decrease the monopolies now being enjoyed by some banks in some areas. Also, bill would eliminate some of the discrimination against state chartered savings banks which now exists. The change in existing law would result in offering more and better services to the public.

Amendment allows savings banks to branch, subject to limitations by the bank commissioner and the board of trust company incorporation, within a 35 mile radius of their home office instead of the current 15 miles.

Federal Savings and Loans Banks are allowed to branch statewide now. State chartered trust companies and national banks branch via holding companies.

Allowing savings banks comparable rights would tend to check the expansion of branch banking by the holding companies.

The Minority—nearly one-half the committee—feels that this bill would destroy New Hampshire's system of locally owned and locally operated banks, by encouraging the growth of the big commercial and the big savings banks. The bank holding companies would benefit most of all. Instead of a balanced banking system, the state would be dominated by a small number of big, statewide banks. The consumer would be left to deal with mere branches of the big banks.

The majority amendment would allow the big banks to operate in communities with 75% of the state's population. The 35 mile limit from Concord, for example, extends from Durham to Peterborough, and Nashua to Plymouth. Even worse, it would allow the big bank holding companies virtual immediate statewide branching.

The committee amendment is virtual statewide banking. And it would be unfair to the state's local banks and destructive to the state's banking system which experience shows has worked well.

Rep. Burns moved that the Minority report, inexpedient to legislate, be substituted for the Majority report, ought to pass with amendment, and spoke to his motion.

Reps. Shirley Clark, Elmer Wiggin and Gelinas spoke against the motion.

Reps. Russell Chase and Belair spoke in favor of the motion.

(Rep. French in chair)

Reps. Baker, Duprey and Plourde spoke in favor of the motion.

Rep. Morgan spoke against the motion.

(Speaker in chair)

Reps. Richard Bradley and Lyons spoke in favor of the motion.

Rep. Coutermarsh spoke against the motion.

Rep. P. Robert Thibeault moved the previous question.

Sufficiently seconded.

Adopted. Rep. Sabbow requested a roll call.

and the motion passed.

Rep. Burns moved that HB 698 be indefinitely postponed.

Adopted.

HB 695, establishing no-fault motor vehicle insurance to guarantee compensation for medical expenses and lost earnings. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

This was the only bill containing provisions which will meet with the federal requirements as the federal no-fault insurance is expected to pass. Committee feels it is better to tailor a no-fault law to New Hampshire rather than accept whatever Congress comes up with.

Rep. Gillis abstained from voting under Rule 16.

Ordered to third reading.

HB 919, relative to the real and personal property tax exemptions for veterans' widows and veterans who are totally and permanently disabled. Ought to pass with amendment. Rep. Cournoyer for Claims, Military and Veterans Affairs.

The committee felt that a modest increase, from \$600 to \$700 in the dollar exemption from local property tax, for totally disabled veterans and veterans' widows, was justified, as the last adjustment in this exemption was made in 1969.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Property Tax Exemption for veterans' widows; increased. Amend RSA 72:29-a Widows. The widow of any person who was killed or died while on active duty in the armed forces of the United States or any of the armed forces of any of the governments associated with the United States in the wars, conflicts or armed conflicts, or combat zones set forth in RSA 72:28 so long as she remains his widow, shall be exempt each year from taxation upon her real and personal property, whether residential or not, in the amount of seven hundred dollars in taxes.

72:29-a Widows. The widow of any person who was killed or died while on active duty in the armed forces of the United States or any of the armed forces of any of the governments associated with the United States in the wars, conflicts or armed conflicts, or combat zones set forth in RSA 72:28 so long as she remains his widow, shall be exempt each year from taxation upon her real and personal property, whether residential or not, in the amount of seven hundred dollars in taxes.

2 Service-Connected Total Disability Tax Exemption Increased. Amend RSA 72:35 (supp), as amended, by striking out said section and inserting in place thereof the following:

72:35 Service-Connected Total Disability. Any person who has been discharged from military service of the United States under conditions other than dishonorable, and who is totally and permanently disabled from service connection, or double amputee or paraplegic, and if satisfactory proof of such service-connected disability is furnished to the assessors, he or his surviving spouse, until such time as such surviving spouse remarries, shall be exempt each year from seven hundred dollars of taxes on his real estate which he occupies as his principal place of abode together with any land or buildings appurtenant thereto, including a house trailer if used as a principal place of abode.

3 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

CACR 17, relating to special sessions of the general court. Providing that members of the general court shall receive customary compensation and mileage for special sessions called by a majority vote of each branch of the general court. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

Same question will be on the ballot in March, 1976. Committee unanimously feels that constitutional amendment sponsors should not bring up questions as backups in case questions fail in the first referendum. CACR 17 calls for the same question to be on the November, 1976 ballot, if voters reject the first resolution.

Resolution adopted.

HB 998, to provide for economic impact statements for certain proposed rules, regulations, acts or projects. Inexpedient to legislate. Rep. Greene for Environment and Agriculture.

The committee feels that this would create more problems than it would solve.

Resolution adopted.

HB 996, relative to participation in regional bulk power supply facilities including but not limited to participation in a New England power pool. Without recommendation. Rep. Lockhart for Interstate Cooperation.

Due to complexities of this twenty-three page bill and pending legislation due in from the Senate (SB 86) we feel that these bills should be taken together.

Rep. Lockhart moved that HB 996 be referred to the committee on Interstate Cooperation for interim study, and spoke to his motion.

Reps. York, Oleson and Grassie spoke against the motion.

Rep. Eugene Daniell spoke in favor of the motion.

Rep. French moved the previous question.

Sufficiently seconded.

Adopted.

HB 996 was referred to interim study.

HB 478, regulating recreational campgrounds Ought to pass with amendment. Rep. Clafin for Resources, Recreation and Development.

Committee felt bill, as amended, covered an area of control which is in the public interest.

Rep. Leonard Smith moved that HB 478 be referred to the committee on Resources, Recreation and Development for interim study and spoke to his motion.

Rep. Claflin spoke against the motion.

Reps. Hanson and Richard Bradley spoke in favor of the motion.

Rep. P. Robert Thibeault moved the previous question.

Sufficiently seconded.

Adopted.

HB 478 was referred to interim study.

HB 965, providing that the clerks of the house and senate be full-time employees and that as full-time legislative employees receive fringe benefits, and repealing certain statutes relative to clerks and legislative employees. Ought to pass. Rep. Chambers for Legislative Administration.

The Clerk of the House presently works nearly full time. This bill would eliminate mileage and pay the Clerk and staff at a rate commensurate with the responsibility of the Clerk's Office. No additional appropriation is necessary.

Rep. Rod O'Connor offered a floor amendment and spoke to the amendment.

AMENDMENT

Amend paragraph III of section 3 of the bill by striking out same and renumbering the original paragraphs IV through IX to read as III, IV, V, VI, VII and VIII respectively.

Rep. Duprey spoke in favor of the amendment.

Amendment adopted.

Rep. George Wiggins moved that HB 965 be indefinitely postponed and spoke to his motion.

Rep. Wiggins withdrew his motion.

Referred to Appropriations.

Reps. French and Spirou moved that all bills not acted on today be laid over until tomorrow.

Adopted.

SPECIAL ORDER

Rep. Gorman moved that third reading of HB 695, establishing no-fault motor vehicle insurance to guarantee compensation for medical expenses and lost earnings, be made a special order for Thursday at 11:00 o'clock and spoke to his motion.

Reps. McManus and George Gordon spoke in favor of the motion.

Adopted.

Rep. French moved that the House now adjourn from the early session, that the business of the late session be in order at the present time that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading except HB 695 be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet tomorrow at 9:30 o'clock.

Adopted.

Rep. George Gordon moved that HB 944 be indefinitely postponed and spoke to his motion and subsequently withdrew his motion.

Ordered to third reading.

HB 982, relative to the qualifications of the director of welfare. Majority: Inexpedient to legislate. Rep. Fleisher for Health and Welfare. Minority: Ought to pass. (Rep. George E. Gordon)

Majority: The technical demands of the position of director of welfare require a person with professional training and experience in administering welfare laws. Also, the bill is discriminatory in that it does not similarly lower qualifications for directors of the two other divisions of the department.

Minority feels that the selection of the Director of Welfare should be left to the discretion of the Commissioner of Health and Welfare. The qualifications such as a certain amount of years serving in the area of welfare should not be a prerequisite to the filling of this position.

Rep. George Gordon withdrew the minority report of ought to pass.

Resolution adopted.

Rep. French moved that debate be limited on all bills on the calendar to twenty minutes equally divided except HB's 623 and HB 695.

HB 862, requiring sealed transparent covers on certain publications. Majority: Inexpedient to legislate; Rep. Castaldo for Judiciary. Minority: Ought to pass. (Reps. Morrisette and Hobbs)

Majority: Requires transparent wrapping and separate display of so-called adult literature.

HB 789, limiting recreational boats and motors on Indian Pond in Orford to five horsepower or less. Majority: Ought to pass; Rep. Clafin for Resources, Recreation and Development.

Minority: Refer to the Committee on Resources, Recreation and Development for interim study. (Reps. Kenneth W. Spalding, Boyd, Williamson, Schwaner and Horton)

Majority felt horsepower approach valid in this case.

Minority: During each session of the legislature the Resources, Recreation and Development committee is presented numerous bills requesting limitations on the use of various bodies of water in the state by controlling such things as motor horsepower, noise, water-skiing, speed, type of motors, etc.

Our committee always has trouble making decisions on these bills. The minority feels that we should not pass any more of these bills until a study is undertaken to attempt to set a policy for guiding our future decisions. There is a strong need to eliminate the "hit or miss" method of handling these bills that is being used currently.

Rep. Kenneth Spalding moved that the report of the minority, be referred to the committee on Resources, Recreation and Development for interim study be substituted for the report of the majority, ought to pass, and spoke to his motion.

Majority: Has good points but needs to be worked into existing laws.

Minority: This bill would eliminate the conflict of interest when a candidate for public office works at the polls on the day of his own election. Election officials would be appointed for two years and would be required to resign if they become a candidate for public office.

Rep. Spirou spoke in favor of the majority report.

Adopted.

HB 861, relative to the requirement of showing public convenience and necessity for carriers of household goods and property for hire. Majority: Rep. Ryan for Transportation. Ought to pass; Minority: Inexpedient to legislate. (Rep. Erler)

Majority: This bill would once again place the trucking industry back in the free enterprise system.

Minority: Would jeopardize existing businesses in New Hampshire and throw open, in all fields, an opportunity for out of state, large concerns to control various enterprises and leave unprotected small communities.

If death results from the injury, weekly compensation shall be paid to the dependents of the deceased employee as defined in RSA 281:2, IX, in an amount provided by the compensation schedule in RSA 281:23. Weekly payment made under this section shall not exceed four hundred weeks. Weekly payments made under RSA 281:23, 25 or 26 shall be deducted from the foregoing maximums. It is provided, however, that a widow or widower having

dependent children shall receive compensation as set forth by the weekly compensation schedule of RSA 281:23, but not less than fifty percent of the average weekly wage in this state, until all dependent children have reached termination of compensation as set forth by paragraph VI of this section.

I. In all cases where compensation is payable to a widow or widower for the benefit of herself or himself and dependent child or children, the labor commissioner shall have power to determine, from time to time, in his discretion what portion of the compensation shall be applied for the benefit of any such child or children and may order the same paid to a guardian.

II. In the case of remarriage of a widow or widower without dependent children compensation payments shall cease.

III. In case of remarriage of a widow or widower who has dependent children the unpaid balance of compensation which would otherwise become due shall be payable to the mother, father, guardian or such other person as the labor commissioner may order, for the use and benefit of such children during dependency.

IV. The employer, or his insurance carrier, shall pay burial expenses not to exceed one thousand two hundred dollars.

V. Any dependent as defined herein, except a widow, widower, child or children, who at the time of the injury of the injured is in part only dependent upon his earnings, shall receive such proportion of the benefits provided for those wholly dependent as the amount of the wage contributed by the deceased to such partial dependents at the time of the injury bore to the total support of the dependents.

VI. Compensation for a dependent child shall cease when a child becomes eighteen years of age, or twenty-five years of age if enrolled as a full time student in accredited educational institution; provided, however, if the child is determined by the labor commissioner to be self-supporting or upon the marriage or legal adoption of such child, compensation shall be terminated earlier. I. If an employee who has a permanent physical or mental impairment from any cause or origin incurs a subsequent disability by injury arising out of and in the course of his employment on or after July 1, 1975 resulting in compensation liability for disability that is substantially greater by reason of the combined effects of the preexisting impairment than that which would have resulted from the subsequent injury alone, the employer or his insurance carrier shall in the first instance pay all awards of compensation provided by this chapter, but such employer or his insurance carrier shall be reimbursed from the special fund created by RSA 281:48-a for all compensation payments subsequent to those payable for the first one hundred four weeks of disability.

II. If the subsequent injury of such an employee occurring on or after July 1, 1975 shall result in the death of the employee and it shall be determined that the death would not have occurred except for such preexisting permanent physical or mental impairment, the employer or his insurance carrier shall in the first instance pay the compensation prescribed by this chapter, but he or his insurance carrier shall be reimbursed from the special fund created by RSA 281:48-a for all compensation payable in excess of one hundred four weeks.

III. (15 seconds of silent prayer)

We get a little uneasy when we are quiet with ourselves for even a short period of time. It is not our custom here to be very quiet and listen deeply for that special self unsoiled by the pressure of issues. The busy sounds of our times rush madly in on us and we are impatient to get to it—to what? O God, here we have just begun a new session and our "get up and go, has already got up and went." Give us that "go power" that only You can give. Let us hear Your voice that sings, "It is worth-while! It is really worth-while!" Set us free to do the best that is in each of us. There, we feel better just knowing that You are running with us Lord, all the way, all the way. Amen!

Rep. Belair led the Pledge of Allegiance.

SB 92, to permit the establishment of mandatory risk sharing plans covering all forms of liability insurance. Ought to pass with amendment. Rep. Shirley Clark for Banks and Insurance.

Bill allows insurance commissioner to set up some way of spreading risk over all insurance companies licensed to write liability insurance in New Hampshire. Since very few companies write medical malpractice insurance the cost for claims pushes up the premiums. Spreading the cost over other insurance companies helps keep the cost of malpractice policies down.

AMENDMENT

2 Persons Required to Participate. Amend RSA 404-C:3 (supp), as inserted by 1971, 488:1, by striking out said section and inserting in place thereof the following:

404-C:3 Persons Required to Participate. Each plan shall require participation by all insurers licensed in this state to write the kinds of insurance covered by the specific plan and all agents licensed to represent such insurers for the kinds of business covered by the specific plan, except that the commissioner may exclude classes of persons for administrative convenience or because it is not equitable or practicable to require them to participate on the plan.

3 Effective Dat. This act shall take effect sixty days after its passage.

commission to study the medical injury reparations system.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Commission to Study the Medical Reparations System.

I. A commission to study the medical injury reparations system is hereby established, consisting of the following members: the commissioner of health and welfare, the insurance commissioner and no more than eight other members to be appointed as follows: two who are members of the medical profession, to be appointed by the New Hampshire Medical Society; two who are members of the legal profession, to be appointed by the New Hampshire Supreme Court; two who are representatives of a risk sharing plan for medical malpractice insurance, if such a plan is established under section 1 of this act, to be appointed by the management of said plan; and two representatives of the general public, unaffiliated with the insurance or health care industries or the medical or legal professions, to be appointed by the governor. The commissioner of health and welfare shall be the chairman of the commission.

II. The commission shall review all existing laws and practices relating to reparations for medical injury and shall recommend such changes as may be necessary to provide prompt, equitable compensation to those sustaining medical injury, to discourage groundless claims, to reduce the cost of providing just compensation and such other changes which the commission considers will improve the efficiency of the medical injury reparations system.

III. On or before January 1, 1977, the commission, in cooperation and consultation with appropriate state and federal agencies, the medical and legal professions, the insurance industry and representatives of the general public, shall prepare and submit its report and recommendations to the governor, the president of the senate and the speaker of the house of representatives.

4 Effective Date. This act shall take effect sixty days after its passage.

Rep. Shirley Clark spoke in favor of the amendment.

Amendment adopted.

Rep. Buckman offered an amendment and spoke to his amendment.

and the motion lost.
Rep. Ellis moved that HB 498 be indefinitely postponed.

Adopted.

HB 589, relative to limited credits for retailers, vendors and sub-jobbers of tobacco products. Inexpedient to legislate. Rep. Marsh for Ways and Means.

The committee was offered no compelling reasons for this legislation at this time.

The vote was unanimous.

Resolution adopted.

HB 608, exempting meals served to the elderly from the meals and rooms tax. Inexpedient to legislate. Rep. Marsh for Ways and Means.

No substantial evidence was offered to support the bill, its passage could cost the state significant amounts of revenue, and it would be difficult to administer.

Resolution adopted.

HB 703, relative to permitted deductions for the interest and dividends tax. Inexpedient to legislate. Rep. Anne B. Gordon for Ways and Means.

If passed, this bill would substantially reduce the revenue produced by interest and dividends tax. That revenue goes to the cities and towns and it would be unfair at this time to make the change this bill proposes.

Resolution adopted.

HB 717, relative to the filing of estimated tax on business profits. Ought to pass with amendment. Rep. P. Currier for Ways and Means.

This bill changes the filing requirements under the business profits tax to the benefit of many small seasonal businesses.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Business Profits Tax Return. Amend RSA 77-A:6 (supp), as inserted by 1970, 5:1, as amended, by inserting after paragraph IV the following new paragraph:

V. Notwithstanding any other provision of RSA 77-A, it shall not be necessary for any taxpayer to file a business profits tax return or declaration until the next quarterly due date following the first calendar quarter of the year that the taxpayer actually receives gross business profits as defined by RSA 77-A:1, III. Failure to file a return or declaration at any other prescribed time shall not subject such taxpayer to any fine or penalty under RSA 77-A.

Amendment adopted.

Ordered to third reading.

HB 734, relative to the business profits tax deduction for personal services. Inexpedient to legislate. Rep. Seamans for Ways and Means.

The committee recommends defeat of this bill as its drawbacks appear to outweigh any benefits which it might confer.

Resolution adopted.

HB 759, providing a moratorium to June 30, 1977 on the issuance of new dog racing licenses. Inexpedient to legislate. Rep. Anne Gordon for Ways and Means.

The committee was offered no compelling reasons for this legislation at this time.

Resolution adopted.

HB 871, permitting the creation of public greyhound racing kennels and limiting those owned by a track. Ought to pass. Rep. Marsh for Ways and Means.

The concept in this bill appears sound: it offers benefits to the track and the state.

Ordered to third reading.

HJR 1, establishing a committee to study property tax exemptions. Refer to the Committee on Ways and Means for interim study. Rep. Marsh for Ways and Means.

The committee would like to take a further look at this legislation.

Adopted.

SB 17, permitting a local option to expand the partial exemption on real estate taxes for persons sixty-five years of age or older, under certain circumstances. Resolution to Supreme Court requesting an advisory opinion. Appel for Ways and Means.

Because of constitutional questions which have been raised, the committee recommends that an advisory opinion be obtained from the New Hampshire Supreme Court.

HOUSE RESOLUTION

Whereas, there is presently pending before the House of Representatives Senate Bill 17 permitting a local option to expand real estate tax exemptions for the elderly; and

Whereas, legislation proposing new tax exemptions should be closely scrutinized to determine its consistency with the United States and New Hampshire Constitutions; now therefore be it

Resolved by the House of Representatives, that:

The Justices of the Supreme Court be respectfully requested to give their opinion as expeditiously as possible on the following questions of law:

1. May the General Court constitutionally delegate to cities and towns the authority to create tax exemptions such as proposed in SB 17, the effect of which would be to permit the cities and towns to decide for themselves, individually and independently, whether or not to grant certain additional real property tax exemptions for the elderly?

2. Would failure of some cities and towns to adopt the optional additional exemptions authorized in Senate Bill 17 result in an uneven system of taxation among elderly citizens which would violate constitutionally mandated requirements for uniformity and equality of taxation?

3. Do the provisions of Senate Bill 17 calling for incremental increases in the exemption with advancing age conflict with constitutionally mandated requirements for uniformity and equality of taxation?

4. Does the failure of the bill to provide comparable tax relief for renters render the bill unconstitutional?

5. In all respects, other than those to which the preceding questions relate, is Senate Bill 17 constitutional on its face?

Be it further resolved that the clerk of the House transmit ten copies of this resolution to the clerk of the Supreme Court for consideration by said court.

Adopted.

SB 83, enabling the racing commission to grant temporary limited licenses to participate in horse races. Ought to pass with amendment. Rep. Cunningham for Ways and Means.

This gives the racing commission power to grant temporary licenses to owners to race horses under certain conditions.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Temporary Limited Racing Licenses. Amend RSA 284:19 by striking out said section and inserting in place thereof the following:

284:19 Rules of Racing. Said commission shall have the power to make and adopt rules of racing including regulations providing for the licensing, supervising, disciplining, suspending, fining and barring from racing, on any tracks under the jurisdiction of the commission, of horses, owners, breeders, authorized agents, sub-agents, nominators, trainers, jockeys, jockey apprentices, jockey agents, and any other persons, organizations, associations, or corporations, the activities of whom affect the conduct and operation of running or harness horse races at race tracks under the jurisdiction of the commission. At such tracks no person shall enter a horse or participate in any running or harness horse race or meet as an owner, agent, nominator, trainer, jockey, jockey apprentice, or jockey agent within the state without having first procured from the commission a license so to act, and paying such fees as the commission may determine to be reasonable and proper therefor.

The commission, for proper cause, may issue a temporary license for a period not to exceed ten days to any person to enable him on behalf of an owner who is not present in this state to enter a horse or so participate in any running or harness horse race or meet. Such licenses may be revoked by the commission at any time for cause.

Amendment adopted.

Ordered to third reading.

SB 146, extending the time for filing applications for elderly property tax exemptions for 1975. Ought to pass with amendment. Rep. Kenneth Smith for Ways and Means.

This bill simply extends the time to file an application for exemption for the 1975 tax year.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Time Extension. For the 1975 tax year, the requirement of RSA 72:42 that an application be filed on or before April fifteenth is hereby suspended so that an application for an exemption for the 1975 tax year may be filed on or before July 15, 1975.

Amendment adopted.

Ordered to third reading.

Reconsideration passed.

Rep. Benton moved that SB 90 be recommitted to the committee on Claims, Military and Veterans Affairs.

Adopted.

The House met at 12:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Almighty and most merciful God of all peoples of this earth, hear our prayers.

You spoke these words to Your great prophet Hosea: "Plant the good seeds of righteousness and you will reap a crop of My love; plow the hard ground of your hearts, for now is the time to seek the Lord, that He may come and shower salvation upon you." (Hosea 10:12)

O God, melt the hardness of our hearts and reach deep beneath the careless top-soil of indifference. Tenderly sow Your righteousness and love where we grow and have our being. Let the crop we bear in word and deed be of like kind and acceptable and pleasing in Your sight. Amen!

Rep. Donald DeCesare led the Pledge of Allegiance.

SENATE MESSAGES

ACCEDED REQUEST

COMMITTEE OF CONFERENCE

The Senate has voted to accede to the request for a Committee of Conference on HB 267, relative to the making of false statements, misrepresentations or fraudulently obtaining food stamps; defrauding division of welfare and providing penalties therefor.

The President appointed Sens. McLaughlin, Provost and Saggiotes.

CONCURRENCE

HB 329, authorizing cooperative fire protection with other states and the federal government.

REQUEST CONCURRENCE TO AMENDMENT

HB 382, to legalize the town meeting of Bristol held on March 5, 1974. (Amendment printed in S.J. May 6)

Rep. Mann moved that the House concur with the Senate amendment.

Adopted.

COMMITTEE REPORTS

HB 14, making an appropriation for library development grants. Inexpedient to legislate. Rep. Drake for Appropriations.

Recommended but unfunded. A good program for library services in New Hampshire.

Resolution adopted.

HB 45, providing for the acquisition of land to replace park and recreation land required for the construction of highways. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill would allow the state to conform to federal regulations concerning highway construction.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing for the acquisition of land
to replace conservation or
recreation land taken by
the state.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Right of Eminent Domain. Amend RSA 4:30-a, as inserted by 1967, 298:1, by inserting after paragraph III the following new paragraph:

IV. In order to transfer comparable land and facilities as provided in this section, the state, or the appropriate agency thereof, may by purchase or condemnation acquire such land and facilities. When title to the replaced land was vested in more than one municipality, title to the replacement land shall be vested in units of each of such municipalities in the same proportion as that in which the replaced land was held.

2 Effective Date. This act shall take effect sixty days after its passage.

Amendment adopted.

Ordered to third reading.

HB 61, relative to the rehabilitation of the Laconia state armory. Inexpedient to legislate. Rep. Drake for Appropriations.

The Adjutant General's Office is contemplating closing this facility and transferring it to the City of Laconia. Until this is clarified, the Committee feels that the money should not be spent to repair the facility.

Resolution adopted.

HB 77, relative to registered nurses and practical nurses, their education and registration; and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill raises some of the fees for registering R.N.'s and L.P.N.'s. It adds an L.P.N. to the Board and raises their per diem to \$20. We corrected the source of funds on the last page of the bill so that the funds expended would be out of the restricted fund where the fees collected are kept.

AMENDMENT

Amend RSA 326-B:3, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. To be a member of the board, a registered professional nurse shall be a graduate of an approved school or program of professional nursing and currently licensed as a registered professional nurse under the provisions of this chapter and have at least five years successful experience in the practice of professional nursing, two years of which immediately precede the appointment. In addition, at the time of appointment, three of the registered professional nurses shall be nurse educators each employed in a different type of nursing education program, and two registered professional nurses shall be selected from nursing services.

Amend RSA 326-B:3, IV as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

IV. Each member of the board shall receive twenty dollars for each day actually engaged in official duties of the board and shall be reimbursed for travel at the mileage rate established under RSA 99-A:1.

Amend section 2 of the bill by striking out the concluding unnumbered paragraph and inserting in place thereof the following:

The sums appropriated by this section shall be a charge against the board of nursing education and nurse registration revenue.

Amendment adopted.

Ordered to third reading.

HB 94, relative to authorizing payment for travel expenses for members of the bicentennial commission. Ought to pass with amendment. Rep. Drake for Appropriations.

There are no general funds involved in this reasonable bicentennial request.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1. Authorizing Payment for Members' Travel Expenses. Amend 1969, 455:4, as amended by 1971, 496:2, by striking out said section and inserting in place thereof the following:

455:4 American Revolution Bicentennial Commission. There is hereby established the New Hampshire American Revolution Bicentennial Commission for the purpose of cooperating with the national commission for the observance of the two hundredth anniversary of the American Revolution (1775-1783). The said state commission shall be composed of the governor and twenty-five members to be appointed by the governor with the advice and consent of the council. Vacancies shall be filled in the same manner as the original appointments. In addition to cooperation with the national commission, the said state commission shall arrange for appropriate publication public notice, and celebration of notable events of the Revolution pertaining to this state including the capture of Fort William and Mary in December 1774, the adoption of the first state constitution in January 1776, New Hampshire's participation in the Battles of Bunker Hill and Bennington and such other like events as the commission may determine. The governor shall be ex officio honorary chairman; and the commission shall elect its own officers, including a chairman, vice chairman, secretary and treasurer. The commission is empowered to accept gifts and grants from whatsoever source and to enter into agreements regarding their expenditure.

The state historical commission shall cooperate with and make available its facilities to the work of this commission. Members of this commission shall serve without compensation, but shall be reimbursed for their necessary mileage, except for regularly scheduled meetings, incurred within the state and in the performance of their duties at the same rate paid to state employees. Any such reimbursement shall be a charge upon monies available to the New Hampshire American Revolution Bicentennial Commission to carry out its duties which have not been appropriated from state funds.

Amendment adopted.

Ordered to third reading.

HB 96, establishing a study committee to investigate hospital and medical costs in the state including the operation, management and rate structure of blue cross and blue shield medical programs and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Committee felt that even if \$5000 was available, it would not be enough to adequately cope with the problem.

Rep. Roma Spaulding moved that the words ought to pass with amendment be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following

AN ACT

establishing a study committee to investigate hospital medical costs in the state including the operation, management and rate structure of medical insurance programs.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

2 Effective Date. This act shall take effect sixty days after its passage.

Rep. Drake spoke in favor of the motion.

Adopted.

Amendment adopted.

Ordered to third reading.

HB 98, relative to increasing the state's guarantee of water pollution projects. Ought to pass. Rep. Drake for Appropriations.

This shows the limit of state guarantee to coincide with available federal funds.

Ordered to third reading.

HB 118, requiring annual unannounced inspections of nursing and rest homes. Ought to pass with amendment. Rep. Drake for Appropriations.

Amendment requires annual inspection of all licensed facilities—funds now in the budget bill are adequate to do this.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

requiring annual unannounced inspection of facilities licensed under the hospital licensing law.

Amend RSA 151:6-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

151:6-a Annual Inspection. The division of public health services shall make at least one annual unannounced inspection of every facility for which a license is required under this chapter. The results of any such inspection and any inspection subsequent thereto shall be posted in a conspicuous place in the facility in such manner as the director of the division of public health determines. The results so posted shall indicate the facilities and services which were inspected and the results for each such facility or service.

Amendment adopted.

Ordered to third reading.

The sum of ten thousand sixty dollars is hereby appropriated to the supreme court for the fiscal year ending June 30, 1975 for the printing and distribution of the New Hampshire supreme court reports, court dockets, court orders and decisions and for costs necessary and incidental thereto. Said sum shall be in addition to any other sums appropriated to the supreme court for said fiscal year. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Ordered to third reading.

HB 125, providing for payment of resident workers at the Laconia state school; providing for new positions at said school, and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

Committee felt that due to legislative process that this could not be reimplemented until July 1, 1975 and program is now budgeted for in the next two years.

Resolution adopted.

HB 128, requiring the state to reimburse certain individuals over eighteen years of age suffering from chronic kidney disease and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

A new program that extends present kidney program for those under 18 to include everyone. Too costly to implement with present financial problems.

Rep. Hunt moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Ferguson spoke against the motion.

Resolution adopted.

HB 206, permitting state school building aid for any alteration to an existing building. Inexpedient to legislate. Rep. Drake for Appropriations.

This bill would have expanded the building aid program to cover renovation of schools even though no increase in pupil capacity was derived. We felt that we could not start a \$220,000/year program now.

Resolution adopted.

HB 274, relative to providing a hearing and appeals procedures in the division of welfare. Ought to pass. Rep. Drake for Appropriations.

Makes statute laws of present hearing procedure that is funded in the budget.

Ordered to third reading.

HB 240, to delete the position of commandant at the state veterans' home from the list of positions which are entitled to maintenance and to increase the statutory salary and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

Salary of present commandant was increased by Governor and Council action and this takes care of lack of maintenance facilities for commandant. Funds to do this in budget act.

AN ACT

from the list of positions which are entitled to maintenance

Resolution adopted.

HB 467, establishing a registry of persons in the state providing mental health services and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

While the purposes of the bill were noble, feeling is that registry would not accomplish intent of sponsor—real need is a licensing program.

COMMUNICATION

THE WHITE HOUSE

April 25, 1975

The Honorable George B. Roberts
Speaker of the House of Representatives
of the State of New Hampshire

Dear Mr. Speaker:

I am a strong believer in the Federal system of shared sovereignty which protects freedom of action and promotes creativity at all levels of government. This Federal system was designed to enable all Americans to be served by that level of government closest to them and best able to act in the public interest.

In 1972, we made an historic decision to support and advance our Federal system with the passage of General Revenue Sharing. I am proud to be one of the bipartisan group of leaders and Members of the House and Senate who worked together to pass Revenue Sharing.

Since that time, I have had numerous meetings with State and local officials, who have told me that their number one priority in Federal programs was the continuation of General Revenue Sharing. In these discussions, I emphasized that I would be a strong advocate for reenactment for this essential program.

Today, I sent to the Congress a message and a proposed bill which would continue General Revenue Sharing in substantially its present form for an additional 5 years.

In addition, I am proposing that Congress continue to increase the amount by \$150 million each year, so that the total program over the full extended period will be \$39.85 billion.

I have asked the Domestic Council to provide you with a copy of my message to the Congress as well as the proposed bill.

I am confident that you and the citizens you represent will benefit from this information and explanation of a program in which every American has a vital stake.

Sincerely,

Gerald R. Ford

The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the tobacco products in which such products usually are sold at retail, but the word "package" as used herein shall not include individual cigarettes. Such stamps shall be affixed in denominations of not less than one-half cent to an aggregate value nearest the tax hereby imposed. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the constitution of the United States. Each unclassified importer shall, within twenty-four hours after receipt of any unstamped tobacco products in this state, notify the commissioner of the amount and brands of tobacco

products received and the name and address of the consignor. The commissioner, thereupon, shall notify the unclassified importer of the amount of tax due. Payment of the amount due the state shall be made within ten days from the mailing date of the notice thereof. Any unclassified importer refusing to pay the tax on tobacco products imported by him within ten days after being notified of the amount of said tax by the commissioner shall be guilty of a violation if a natural person, or guilty of a misdemeanor if any other person.

HB 180, increasing the exemption on the interest and dividends tax. Refer to the Committee on Ways and Means for interim study. Rep. Cunningham for Ways and Means.

It was the unanimous vote by those present that this bill be referred to the Committee on Ways and Means for interim study.

HB 193, relative to the sale of lucky seven tickets by non-profit organizations and making an appropriation therefor. Majority: Refer to the Committee on Ways and Means for interim study; Rep. Cunningham for Ways and Means. Minority: Inexpedient to legislate. (Reps. Marsh, Canney, Lawrence, Kenneth C. Smith, Donnelly, Bishop, Gauthier and LaBonte)

The majority of the Ways and Means Committee feels that anything which generates so much heat and so little light with so much potential benefit to certain non-profit organizations most certainly deserves further study.

The minority feels that there is no question the amendments proposed and the bill itself would provide for another bureaucracy in state government. There are presently under the law safeguards to police this bill.

This is the Governor's revenue proposal. The amendment deletes the tobacco tax increase which is covered in other legislation.

AMENDMENT

Amend the bill by striking out section 6 of same and renumbering sections 7, 8, 9, 10, 11, 12, 13 and 14 to read: 6, 7, 8, 9, 10, 11, 12 and 13, respectively.

Lawrence for Ways and Means. Minority: Inexpedient to legislate. (Reps. Marsh, Underwood, Cunningham, Gauthier and Appel)

The majority of the committee recommends passage of the bill. It would produce modest additional revenues for the General Fund.

The minority felt that there were no interested people under the proposed bill and the one person interested wanted the state to subsidize construction by a sliding scale.

Rep. French moved that debate on HB 445 be limited to thirty minutes equally divided.

SUBJECT:

N.H. Sunday News, May 11, 1975

TO:

Speaker George B. Roberts, Jr.

Two articles appeared in the N.H. Sunday News of May 11th, one headlined 'Shuffle' in Full House?, the other headlined Lamprey Report Detailed.

In fairness to members of my staff and to myself, I feel some inaccuracies which appeared therein should be rebutted.

At one place, I am quoted as saying, "We were told not to give out the contents of the bills unless he (Roberts) gives his okay." I do not question that these requests were filed as confidential and that when a request is filed as confidential we may not give out the contents, but I do question the implication that this was peculiar to Speaker Roberts. A request filed as confidential by any legislator would be handled in the same manner and this is a privilege which is accorded to any member of the House in accordance with a resolution passed by the entire House.

In addition, one of the articles alleges that I said a sponsor's name could not be removed after it was signed by a co-sponsor. This, again, is not exactly what I said. My statement was to the effect that if a single original sponsor had withdrawn his name as a sponsor for a bill which he had requested prior to the cut-off date, I was informed that if another legislator wished to sponsor the same subject matter and wished to use the request which was timely filed by the original sponsor but did not inform us of this prior to the cut-off date for the request, this constitutes, in effect, a late request for drafting a bill.

Further, I am quoted as saying that "In the interim period, it appears there will be little for the clerks to do." Neither I nor anyone in my office made such a statement.

It should be pointed out that the statement that French and Roberts had misrepresented the facts was not a statement made by this office but was completely a conclusion of the person who requested to see our records. In addition, the quote attributed to Mr. Campbell of my office which says in part, "... we couldn't understand how Duprey could appear as a sponsor ...", is categorically denied, particularly as to those words.

The records relative to bills drafted by my office are public records unless we are directed by the sponsor or by action of the House or Senate otherwise, particularly after the drafting process is completed and the result of such drafting is introduced into the Legislature. The matter then becomes a matter in the public domain and we have no alternative but to make it available to anybody who wishes to examine it, particularly legislators. It is the policy of this office, and has always been, to make no substantive comments as to why certain actions were taken relative to such requests by any legislator; and this office, and myself in particular, resents greatly derogatory conclusions being drawn from this information and attributed to us.

The clerk read the communication in full.

Rep. Spirou moved that the communication from Arthur G. Marx, Director of Legislative Services, be printed in the Journal.

Adopted.

(Rep. Russell Chase in the Chair)

UNANIMOUS CONSENT

Rep. Roberts addressed the House by unanimous consent.

Mr. Speaker, Members of the House. This is the second time in ten years that I have asked unanimous consent of the honorable body.

Under ordinary circumstances, I do not respond to personal attacks in the press, even when these attacks are political with no basis in fact.

However, two political attacks in last week's **N. H. Sunday News** are not the usual attacks on the House leadership.

These are attacks on the legislative process and on legislative personnel, and are carefully contrived to give the voters who elected us a distorted view of what we do and how we operate.

As such, these articles must be refuted, for, in the absence of a response, the public cannot be blamed if they accept distortion, innuendo and just plain lies instead of the truth.

The first of these tales appeared on the front page of a **Sunday News** article under the by-line of R. Warren Pease.

In what he pretended was a news story, Mr. Pease charged that several bills designed to improve the management of the legislative process passed the House by "political subterfuge."

This is not true.

Mr. Pease also said that John Campbell, who works for Legislative Services, gave Mr. Pease information that "revealed both French and Roberts had misrepresented the facts."

Mr. Campbell did no such thing, and is prepared to say so.

Mr. Pease went on to say that "Arthur Marx agreed that the actions of Roberts contributed to the legislative debacle."

Mr. Marx did no such thing, and has said so.

While the second tale had no by-line, it too was obviously written by a master of fiction.

This second story said that a member of the Legislative Services staff said that "In the interim period it appears there will be little for the clerks to do."

No such statement was made by any member of the Legislative Services staff.

This statement was made to the **Sunday News** by a legislator who had the decency to call Mr. Marx and apologize for the inaccuracy in that story, and for that I thank him.

The second story also charges us with establishing a Legislative Facilities Committee and states that, "This new committee allows for the present Speaker of the House (George Roberts) to become chairman."

While the **Sunday News** is good at fiction, it is not good at historical research. This is no "new committee"—we have had a Legislative Facilities Committee since 1973, and I am already its chairman by election of the members and by statute.

Mr. French and I both spent considerable time with that news reporter, Mr. Pease, explaining the legislative process to him. But he obviously would not or could not include the facts we gave him in his tale. So, in the hope that it would help him, and those in the public that might believe such a tale, here are the facts written down, and I will try again:

1. In my campaign for Speaker, I emphasized the need for better management tools to assist the legislature in its decision making. I believed then, as I believe now, that the same New Hampshire citizens who have voted to keep a large legislature are willing to support the necessary changes which will permit this large legislature to function efficiently. I believed then, as I believe now, that the legislature must become a co-equal branch of government.

2. A group of bills designed to strengthen the legislative process were introduced this session with my approval and some with my sponsorship. Other legislative leaders and other members of the house sponsored the remainder of the bills. To me, this is indicative of substantial support for legislative improvement, regardless of party affiliation. It is not "political subterfuge."

3. These bills did not come out of the so-called Lamprey Report. Most of them were the result of suggestions from the Citizens Conference of State Legislatures, the Eagleton Institute, and the National Legislative Leaders' Conference and other people and other legislators past and present who understandably know that we have management problems. Far from being "political subterfuge", their recommendations are matters we have been trying to bring to public attention for some ten years now!

Indeed, our new House committee rules are one product of this process that has already been implemented by this House, that of the House Committee Rules which had the assistance of Steve Lakis of the Citizens Conference on State Legislatures, who has been working with a bi-partisan team of legislators to get that improvement in the process established in this House.

4. Certainly some of the language in these bills is similar to legislation introduced in the 1973 session. The 1973 legislation passed—so we know it has the support of the members of the House and Senate.

However, in 1973 the legislation was vetoed. So, in 1975, those of us who are concerned about legislative management, introduced several bills dealing with legislative improvement so that the non-controversial bills of that one package of the last term could be divided from the controversial ones to assure success of the non-controversial ones and the remainder could then be pinpointed for discussion and political debate.

We have already discussed this program with the Governor who, because of his own frustrations with executive agencies, we know to be more receptive to a sound management approach in the legislative branch of government than he was two years ago.

This can certainly be called good strategy, but it is not "political subterfuge."

5. All of these bills were introduced and processed under our House Rules without unusual or preferential treatment.

Every one of them was either filed with Legislative Services before the deadline for filing bills had passed or, in a few instances, was introduced through the Rules Committee.

Certainly some of the bills were filed as confidential. This is quite permissible under our rules. In fact, until this session, all House bills were confidential until signed by the house member. All Senate bills are still confidential until signed by Senate members under their Senate rules.

Keeping a bill confidential is not abnormal, as a matter of fact it is an accepted practice still used by many legislators. It is each member's prerogative. It is not "political subterfuge."

Every one of these bills was signed by its sponsors before the deadline for signing bills had passed.

Every one of these bills had a public hearing with the required two days' notice in the Calendar.

Every one of these bills was reported to the floor with the required notice in the Calendar.

There was an opportunity to debate these bills on the floor, as we debated many others. Rep. Gordon, who is a prominent and vocal critic of the legislative improvement bills requested recognition to discuss them, but subsequently withdrew his request.

These bills did then pass to the Senate with the exception of one still to be reported by the House Appropriations Committee. The bills that passed the House are now in the Senate. Again, there will be ample opportunity for hearing, discussion and debate under the senate rules before the Senate Rules Committee. The three man committee which holds all the House legislative improvement bills.

6. It is true that several bills dealing with improvements in the legislative process were introduced on April 24, the last day permitted in the House. But so were bills sponsored by 75 other House members. Must we charge them with "political subterfuge" as well? Fifteen out of twenty-four Senators introduced bills one day before they had to be acted upon. The fact that this happened is a convincing argument for improving legislative management particularly in the area of technical support for Legislative Services, but that is all it is.

But each and every one of these bills had a legislative sponsor at all times—unlike many department bills which were entered for drafting with no sponsors at all.

There are four hundred members in the New Hampshire House of Representatives. Because of our size alone, we have built-in problems of communication and organization. In spite of these handicaps, we basically do a good job because each member respects the rights of others and because we all operate under the same rules, including unwritten rules. We do not use newspapers for unfounded attacks on the legislative staff and on the legislative process. Those who break those rules bring discredit upon the legislative process.

For to disrupt the legislative process, to attack our staff and cast suspicion on our leadership and our members combined is turning the House against itself and is destructive of the democratic process. We have enough to do without defending ourselves from scurrilous fairy tales.

I hope that we can get on with our work, and I hope that you will join me and the legislative leadership on both sides of the aisle in working for the enactment of legislation to improve our ability to do our job.

Thank you Mr. Speaker.

Rep. Spirou moved that Rep. Roberts' remarks be printed in the Journal.

Adopted.

(Speaker in the Chair)

Rep. Hanson moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet tomorrow at 12:30 o'clock.

Adopted.

Wednesday, 14May75

The House met at 12:30 o'clock.

Prayer was offered by House Chaplain Milton L. Smith, Sr.

Occasionally Lord, our high hopes and dreams are realized here in this House, and it makes us feel fulfilled and worthwhile. But more often than not much of our labor and energies end up lost in the passage and defeat of bills. Keep us from being discouraged. Rather, give us Your grace, in the face of what seems failure, to try, try again to support or to fight against that which we as persons, believe is right or wrong in Your sight and support Your Divine Plan for all mankind. Let each one of us be assured that we need not be ashamed of honest and determined effort. God bless the concerned men and women of this great House. Amen!

Adopted.

HB 160, providing that real property owned by governmental units which is being used for profit-making purposes by a third party shall be taxed. Ought to pass. Rep. Drake for Appropriations.

This is a new answer to an old problem. This bill would allow communities to tax real property owned by governmental units that are being used for profit-making purposes and are being used for purposes other than those for which it was acquired. It will apply to a limited number of cases.

Ordered to third reading.

HB 250, relative to the New Hampshire turnpike system. Ought to pass. Rep. Drake for Appropriations.

This bill will permit necessary construction in the Hampton toll area, the Dover-Somersworth interchange and the Hooksett and Bow intersections, and will repeal the authorization for the Manchester/Hampton toll road.

Ordered to third reading.

HB 252, relative to expenditures for engineering and right of way acquisition for an extension of the Spaulding turnpike. Inexpedient to legislate. Rep. Drake for Appropriations.

This bill would remove the legal requirement, in the case of the Spaulding extension, that the Commissioner of Public Works and Highways must demonstrate the feasibility of a turnpike project before it is begun. Since tolls would have to be raised to 40 cents on the Central and 50 cents on the Eastern Turnpike to pay for the Spaulding extension, the Committee was unwilling to shoulder the responsibility for such a commitment at this time.

SUPREME COURT OPINION ON HB 660

To the House of Representatives:

The undersigned justices of the supreme court submit the following reply to the inquiry contained in your resolution adopted and filed with this court on April 23, 1975.

House bill 660 reads as follows:

"1. Books and Material Containing Obscene Language Prohibited. Amend RSA 189 by inserting after section 26 the following new section:

"189:26-a Books and Material Containing Obscene Language Prohibited. No person shall require the reading, as part of a course of instruction in a public elementary or secondary school, of any book or material which contains language which is obscene according to the definition of that term in RSA 650:1. Any person who violates this paragraph shall be guilty of a misdemeanor.

"2. Effective Date. This act shall take effect sixty days after its passage."

The proposed enactment applies to any material "which contains language" which is obscene under RSA 650:1.

This court has held that RSA 650:1 meets constitutional requirements. *State v. Harding*, 114 N.H. 335, 320 A.2d 646 (1974). We are of the opinion also that the provisions of RSA 650:1 which purport to apply different standards to material designed for children from that designed for adults is constitutional. *Ginsburg v. New York*, 390 U.S. 629, 638-43 (1968).

In *Miller v. California*, 413 U.S. 15, 24 (1973) the supreme court laid down the constitutional guidelines for determining whether a work or material is obscene. They are: "(a) whether 'the average person, applying contemporary community standards' would find that the work, taken as a whole, appeals to the prurient interest, *Kois v. Wisconsin*, supra at 230, quoting *Roth v. United States*, supra at 489; (b) whether the work depicts or describes in a patently offensive way, sexual conduct specifically defined by the applicable state law; and (c) whether the work, taken as a whole, lacks serious literary, artistic, political, or scientific value."

It should be noted that these guidelines require considering the material as a whole, as does RSA 650:1. See *Kois v. Wisconsin*, 408 U.S. 229 (1972).

Consequently, we are of the opinion that the proposed legislation is of doubtful constitutionality, because it would proscribe requiring the reading of any book or material solely because it "contains language which is obscene", without also requiring consideration of whether, "taken as a whole", it could be found to appeal to the prurient interest, and to lack serious value.

SENATE MESSAGE

INTRODUCTION OF SENATE BILL

The Speaker refused to accept the Senate message on SB 102, relative to selling betting cards by the sweepstakes commission on the following grounds:

House Rule 24 states, "When a question is postponed indefinitely the same shall not be acted upon during the same session except whenever two thirds of the whole number of elected members shall, on division taken, vote in favor thereof."

The text of SB 102 as introduced was exactly the same as the text of HB 470, which was indefinitely postponed in the House on May 8.

SB 102 was amended in the Senate, but the amendment is of minor import and does not make SB 102 sufficiently different from HB 470 to permit its admission under House Rule 24. For in its present form, SB 102 would establish a new program whereby the sweepstakes commission would supervise a new program of selling betting cards on sporting events providing that the sale of these cards had been approved by local option. It is the ruling of the Chair that the essence of SB 102 is the same as the essence of HB 470 which was indefinitely postponed, and thus SB 102 cannot lie before the House.

Ample precedent exists to back-up this ruling. I refer specifically to the House Journal for Tuesday, April 15, 1969 wherein Speaker Cobleigh made a similar ruling based on precedents from Speakers Lamprey and Peterson. In his ruling, Speaker Cobleigh said, "When the bills are nearly identical then the Chair will rule that they cannot lie. The Chair has looked at the bill the member proposes and the one that was indefinitely postponed and in the Chair's opinion those are substantially the same subject matter although the Chair will grant that there are some technical differences..."

COMMITTEE REPORTS CONTINUED

HB 384, relative to the program objectives of regional vocational education centers and increasing the appropriation for such centers. Ought to pass with amendment. Rep. Drake for Appropriations.

The bill provides regional facilities and equipment to train students in salable skills and stimulates economic development by offering a skilled labor pool in the state. A continuing secondary education program.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

Increasing the appropriation for
regional vocational education centers

Amend the bill by striking out section 1 of same and renumbering sections 2 and 3 to read: 1 and 2, respectively.

Amendment adopted.

Ordered to third reading.

Rep. Ramsey wished to be recorded in favor of HB 384.

HB 359, increasing the mileage rate for all state employees using privately owned vehicles and making an appropriation therefor. Recommended but to be laid on the table because not funded. Rep. Drake for Appropriations.

A cost-of-living increase for state employees' automobiles. This was last raised in 1973 and we are unable to fund at the present time.

Rep. Drake moved that HB 359 be laid upon the table.

A roll call was requested.

Sufficiently seconded.

Permits shall be issued from January first and shall expire December thirty-first of each year. Permits shall be renewable upon proper application and payment of an annual fee of ten dollars. The license issued to any such person may be revoked only for just cause and after such person has had a full opportunity to be heard by the commission. Any individual who desires to submit plans and specifications for a sewage or waste disposal system for his own use shall not be required to obtain a license under this paragraph provided that he attests to his eligibility for such exemption in the application for construction approval. The commission may require by rule that a person licensed under this paragraph also be a registered professional engineer with a civil or sanitary designation in order to submit applications for construction approval in certain complex situations requiring 2,500 gallons per day capacity or more as determined by the commission. All fees collected shall be deposited with the state treasurer as unrestricted revenue.

Amend RSA 149-E:3-a as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

149-E:3-a System Installer Permit.

I. No person shall engage in the business of installing subsurface sewage or waste disposal systems under this chapter without first obtaining an installer's permit from the commission. The permit holder shall be responsible for installing the subsurface sewage or waste disposal system in accordance with the intent of the approved plan. The commission shall issue an installer's permit to any person who submits an application provided by the commission, pays a fee of fifteen dollars and demonstrates a sound working knowledge of RSA 149-E:3 and the ability to read approved waste disposal plans. The commission shall require an oral and written examination to determine who may qualify for an installer's permit. Individuals who have been actively engaged in the business of installing systems at the time this section is adopted shall not be required to submit to such examination, but shall be issued a permit upon filing an application and paying the initial fee. Permits shall be issued from January first and shall expire December thirty-first of each year. Permits shall be renewable upon proper application and payment of an annual fee of ten dollars. The installer's permit may be revoked or not renewed for just cause, including but not limited to the installation of waste disposal systems in violation of this chapter or the refusal by a permit holder to correct defective work. No permit shall be revoked or the renewal of a permit shall not be refused until the permit holder has had an opportunity to be heard by the commission. All fees collected shall be deposited with the state treasurer as unrestricted revenue.

II. Any person who desires to install a waste disposal system for his own use shall not be required to obtain an installer's permit as provided in paragraph I.

HB 508, establishing a housing finance agency and making an appropriation therefor. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill appears to be very important to revitalize the New Hampshire housing industry. Current negotiations are underway by the sponsors of the bill to accomplish funding through private sources. Since this is the last day of passage of House Bills, we recommend it pass to the Senate for further opportunity to fund. The appropriation has been removed by the amendment.

AMENDMENT

Amend the title of the bill by striking out the same and inserting in place thereof the following:

AN ACT

The state board of education shall determine what costs will qualify as clean-up expenses.

4 Expenditures, University of New Hampshire.

I. The appropriations made for the purposes mentioned in section 2 and the sums available for these projects shall be expended by the trustees of the university of New Hampshire. All contracts for the construction of all or any part of said building or facilities shall be let only after competitive sealed bids have been received and only after an advertisement calling for such bids has been published at least once in each of two successive calendar weeks in a newspaper of general circulation in New Hampshire or in a trade journal known to be circulated among the contractors from whom bids will be sought with the state of New Hampshire or elsewhere in the area. The first publication of such advertisement shall be not less than thirty days prior to the date the bids will be received. All conditions considered, wherever possible, it is recommended that the services of New Hampshire architectural and construction firms be considered within the discretion of the trustees.

II. Availability of Appropriation. The appropriations made in section 2 are available for all costs incidental to the erection, furnishing, and equipping of these facilities including the necessary extension of utilities and includes the cost of the services of architects, engineers, and other consultants of such kind and capacity as the university board of trustees may, in its discretion, wish to employ on such terms and conditions as the board determines, and include the cost of furnishing and equipping the facilities with moveable equipment and furnishings not affixed to the buildings, and which are not listed in the specifications approved for implementation of the construction plans. These monies shall be spend under the direction of the university board of trustees.

III. Rejection of Low Bids. If, in the judgment of the trustees of the university, just cause exists indicating the lowest bid should be rejected, then the contract may be awarded to the next lowest bidder.

IV. Rejection of All Bids. The board of trustees of the university has the right to reject any and all bids and, if the lowest bid is in excess of the appropriation, the board has the right to negotiate with the low bidder or with the three lowest bidders for a contract for the construction upon terms considered most advantageous to the university. If only one bid is received, the board of trustees may negotiate a contract for the construction on terms considered most advantageous to the university and to the state. 6 Bonds Authorized. To provide funds for the total of the appropriations of state funds made in sections 1 and 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of twenty two million fourteen thousand five hundred eighty-six dollars and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A; provided, however, that the bonds issued for the purposes of section 1, subparagraphs IX, (d) through (f) shall have a maturity date of five years from date of issue.

9 Powers of Governor and Council. The governor and council are hereby authorized and empowered:

I. To cooperate with and enter into such agreements with the federal government or any agency thereof, as they may deem advisable, to secure federal funds for the purposes hereof.

II. To accept any federal funds which are, or become available for any project under section 1 beyond the estimated amounts. The net appropriation of state funds for any project for which such additional federal funds are accepted shall be reduced by the amount of such additional funds, and the amount of bonding authorized by section 6 shall be reduced by the same amount.

10. Transfers. The individual project appropriations, as provided in sections 1 and 2 shall not be transferred or expended for any other purposes; provided that if there is a balance remaining after an individual project, which is fully funded by state funds, is completed, accepted, and final payment made, said balance or any part thereof may be transferred by governor and council to any other individual project or projects, which are also fully funded by state funds, within the same section.

11 Reduction of Appropriations and Bonding Authority.

I. If the net appropriation of state funds for any project provided for by sections 1 and 2 is determined on the basis of an estimate of anticipated federal, local or other funds, and if the amount of such funds actually received or available is less than said estimate, then the total authorized cost for such project and the net appropriation of state funds therefor each shall be reduced by the same proportion as the proportion by which federal, local or other funds are reduced. The amount of bonding authorized by section 6 shall be reduced by the amount that the appropriation of state funds is reduced pursuant to this section.

Ordered to third reading.

SB 112, permitting public employees to enter into a deferred compensation plan and authorizing the purchase of insurance and annuity contracts. Ought to pass. Rep. Shirley Clark for Banks and Insurance.

Allows public employees to form a group for retirement plans which they would choose and pay for themselves. Bill is enabling legislation which allows, if they so wish, state agencies, counties, towns and cities to deduct from salaries of those employees wishing to participate in a retirement plan.

Referred to Appropriations.

SB 90, to reimburse the town of Gorham for services and materials, including backfilling, trenching and the cost of water pipe, furnished by the town for utility relocations and making an appropriation therefor. Majority: Inexpedient to legislate; Rep. Parr for Claims, Military and Veterans Affairs. Minority: Ought to pass. (Reps. Levasseur, Myrl R. Eaton, Paradis, Ahern and Langille)

Majority: The basic issue is the sanctity of a binding agreement between two competent parties.

The majority felt that there was ample opportunity to have modified the agreement between the Department of Public Works and Highways and the town of Gorham, so that the town could have been reimbursed for work performed beyond the terms of the existing agreement.

Passage of this bill would mean that any municipality, party to a contract with the state, could proceed in any manner it chooses, beyond the terms of the contract, and force payment by the state through legislative action.

Minority: The people of Gorham did act in good faith; as supported by the evidence presented by the sponsors. The personnel of both Gorham and the New Hampshire Highway Department were guilty of imprudent judgment in contract matters.

Rep. French moved that debate on SB 90 be limited to one-half hour equally divided.

Adopted.

Rep. Henry Richardson moved that the report of the minority, ought to pass, be substituted for the report of the majority, inexpedient to legislate, and spoke to his motion.

Reps. Oleson, Richard Bradley, Mabel Richardson, W. Murray Clark, Eugene Daniell and Victor Kidder spoke in favor of the motion.

Rep. Benton spoke against the motion.

Rep. P. Robert Thibault moved the previous question.

Sufficiently seconded.

Adopted.

Minority report adopted.

Referred to Appropriations.

SB 134, relative to the accounting duties of the state treasurer. Ought to pass with amendment, Rep. McLane for Executive Departments and Administration.

Bill would centralize accounting in the comptroller's office and relieve the treasurer of keeping double books in detail. Amendment makes bill effective July 1, 1975 at the beginning of the state's fiscal year.

AMENDMENT

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect July 1, 1975.

O Lord my God! When I in awesome wonder
Consider all the worlds Thy hands have made.
I see the stars, I hear the rolling thunder,
Thy power throughout the universe displayed,

When through the woods and forest glades I wander
And hear the birds sing sweetly in the trees.
When I look down from lofty mountain grandeur
And hear the brook and feel the gentle breeze;

Chorus:

Then sings my soul, my Savior God to Thee;
How great Thou art, How great Thou art!
Then sings my soul, my Savior God to Thee!
How great Thou art, How great Thou art!
Then sings my soul, my Savior God to Thee;
How great Thou art, How great Thou art!

COMMUNICATION

Mr. George Roberts

COMMITTEE REPORTS CONTINUED

Rep. French moved that CACR 14, 19 and 20 be limited to twenty minutes debate equally divided.

Adopted.

CACR 14, relating to legislative requirements for statutes relative to sales and income taxes. Providing that sales and income taxes may not be passed in either house of the legislature unless approved by sixty percent of the legislators present and voting on the subject. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

Similar subject matter as CACR 10, overwhelmingly defeated by the House earlier in this session, and Resolution 89, defeated by the 1974 Constitutional Convention. This proposed amendment raises many of the same important questions as the others do: What constitutes a "sales" or "income tax"? If this passed would it affect the raising of such existing measures as the gasoline tax, interest and dividends tax, room and meals tax, etc.? What makes "sales" and "income" taxes so much more prominent that they should require a constitutionally mandated 60% majority vote when other revenue raising measures need only 51%? Wouldn't passage of this CACR violate the long-established principal of majority rule for the passage of statutes?

The majority of the committee felt that a 400 member House plus the veto power of the Governor to force a 2/3 vote were adequate safeguards against any premature passage of a "sales" or "income" tax in New Hampshire. Neither sponsor appeared on this resolution and only the Governor's office testified in favor.

Rep. Morrisette moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Reps. Eugene Daniell, Buckman, Krasker and Joseph Eaton spoke against the motion.

Rep. Taylor moved the previous question.

Sufficiently seconded.

Adopted.

Rep. French requested a roll call.

Sufficiently seconded.

CACR 20, relating to establishing a seven year term for district, municipal and probate judges. Providing that district, municipal and probate judges be appointed for a seven year term. Inexpedient to legislate. Rep. Joncas for Constitutional Revision.

The committee felt that passage of this resolution would seriously undermine the traditional independence of the judiciary in New Hampshire. The result would be to thrust our judges into politics subjecting them to whatever the political whims of the day happened to be rather than allowing for decisions based on longer range legal principles. From the testimony it was not clear whether a governor elected for three terms would get to appoint almost all the state's district, municipal and probate judges or whether it might result in a flurry of last-minute judgeship appointments by an outgoing governor. The committee also failed to see why probate judges and not superior court judges were included in the resolution.

This resolution is the solution some are advocating in answer to "soft" sentencing by judges. The committee felt there were much better ways to improve the administration of justice in New Hampshire than by making judges seven-year political appointees.

Rep. Chandler moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

COMMUNICATION

From Arthur G. Marx, Director Legislative Services.

To:

George B. Roberts, Jr.

Speaker of the House

It has come to my attention that in several news reports last week it was stated that you ruled that SB 102 (Sen. Bossie's betting card bill) could not be admitted into the House as it fell under the prohibition of House Rule 24, unless 2/3 of the whole number of House members voted in favor of such admission. I understand that the news reports then stated that this office had advised Sen. Bossie that only a majority vote was required.

If the above summary of the news report is true, it is inaccurate. This office advised Sen. Bossie that the ruling of the Speaker that SB 102 was the same question as that which had already been indefinitely postponed by the House could be appealed and it would require only a majority vote to either sustain or overrule that ruling of the Speaker. This office agrees with the Speaker's statement that if it is established that SB 102 is the same question as that which had already been indefinitely postponed by the House, it would require a vote of 2/3 of the House members for the House to act upon this matter.

The clerk read the communication in full.

Rep. French moved that the communication be printed in the Journal.

Adopted.

UNANIMOUS CONSENT

Rep. Skinner addressed the House by unanimous consent.

Reps. George B. Roberts, Jr., Chris Spirou, John P.H. Chandler, Jr., David P. Currier and Patricia M. Skinner offered the following:

RESOLVED, that the House of Representatives, with deep respect, concurs in the citation and pays its respect to "Bill" Allen, a giant among librarians, a dedicated state employee, a peer of his community by election, and a veteran of his country's armed forces, and, be it further

RESOLVED, that a copy of these resolutions be presented to his family.

192:30 1976 Allowances. Any beneficiary who retired prior to July 1, 1957 and who is in receipt of a retirement allowance on January 1, 1976, including any teacher

retired under the teachers' retirement system as established by RSA 136, shall, beginning with the month of January 1976, and monthly thereafter, but not beyond the month of December 1976, have his allowance increased in the proportion which the Consumers Price Index issued by the United States Department of Labor, Bureau of Labor Statistics, for the month of November 1974 bears to the corresponding index for the year in which the member retired; except that in the case of service beneficiaries, such increased retirement allowance shall be at least one hundred twenty dollars for each year of creditable service at retirement not exceeding thirty years, and in the case of disability beneficiaries, such increased retirement allowance shall be at least one hundred two dollars for each year of creditable service at retirement not exceeding thirty years. Provided, however, if any such beneficiary has filed an election in accordance with RSA 192:13, II his retirement allowance shall be increased for said period only in the proportion which the Consumers Price Index issued by the United States Department of Labor, Bureau of Labor Statistics, for the month of November 1974 bears to the corresponding index for the year in which the member retired. In the event the retired member is receiving a reduced retirement allowance because of having elected an option, such increased retirement allowance shall be reduced in the same proportion as the retirement allowance prior to optional modification was reduced at retirement. If the beneficiary of a retired member who retired prior to July 1, 1957 and elected an option providing for a survivor annuity is in receipt of such survivor annuity on January 1, 1976, such beneficiary shall be paid beginning with the month of January 1976, and monthly thereafter, but not beyond the month of December 1976, an increased retirement allowance which shall be the same proportion of the increased retirement allowance the member would have been entitled to receive, if any, prior to any optional modification had he been living on January 1, 1976, as the survivor annuity bears to the full allowance prior to optional modification of such former retired member at retirement. When the increased retirement allowance of any one beneficiary shall be ascertained under the terms of the before-mentioned provisions the difference between said increased retirement allowance and the retirement allowance said beneficiary is receiving as of December 31, 1975, shall be multiplied by two and the sum ascertained by this formula shall be paid to said beneficiary in twelve monthly installments beginning January 1, 1976 and ending December 31, 1976. Nothing herein shall be construed as affecting the regular retirement allowance of any beneficiary. The payment of the additional retirement allowance payable hereunder shall be contingent on the payment by the state of the additional amounts required to meet the current disbursements of such additional retirement allowances.

2 Appropriation. The sum of two hundred sixty thousand, one hundred seventy-six dollars is hereby appropriated for the purposes of section 1 for the fiscal year ending June 30, 1976 and a like sum is hereby appropriated for the fiscal year ending June 30, 1977. COMMITTEE REPORTS CONTINUED

SB 80, excluding evidence of unreasonable and imprudent speed obtained by law enforcement officers in an unmarked or hidden vehicle. Ought to pass with amendment. Rep. Young for Transportation.

This same bill received overwhelming support in the House during the 1973 session. The vote was 197-72, but the bill failed on the floor of the Senate after passing the Senate Transportation Committee. This year the bill originated in the Senate, passed the Senate Transportation Committee and passed on the Senate floor 17-4. The Transportation Committee of both the House and Senate, having now heard testimony on this subject for two consecutive legislative sessions have come to the conclusion that the State Police can offer no justification at all for the continued use of unmarked cars for highway traffic duty.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

prohibiting use of unmarked cars by state law
enforcement officials in apprehending
traffic violators.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Marking of Department of Safety Vehicles Used on Highway Patrol. Amend RSA 106-B by inserting after section 12 the following new section:

106-B:12-a Marking of Department of Safety Vehicles Used on Highway Patrol. Any motor vehicle, while being used by the department of safety on highway patrol for the purpose of apprehending traffic violators, shall be distinctly marked on each side and the back of the vehicle with appropriate markings indicating "state police", in letters not less than six inches in height or with an appropriate decal not less than two hundred square inches in size, and be equipped with the roof mounted flashing lights of the type currently used by the department.

2 Certain Evidence Excluded. Amend RSA 262-A by inserting after section 60 the following new section:

262-A:60-a Evidence Not Admitted. Evidence of unreasonable and imprudent speed shall not be admitted in evidence in a prosecution for a violation of this subdivision if obtained by a law enforcement officer in a police vehicle hidden from view.

Effective Date. This act shall take effect sixty days after its passage.

Rep. Clyde Eaton requested a quorum count.

The Speaker declared a quorum present.

Reps. McManus, Joseph Eaton, James Humphrey, Clyde Eaton, Morgrage, Daniel Healy, Ryan and Erler spoke against the motion.

Reps. Morrisette, Close, Coutermarsh and James Murray spoke in favor of the amendment.

and the resolution was adopted.

The Committee on Resolutions and Screening having approved its admittance, Rep. Dickinson offered the following:

HOUSE RESOLUTION 9

recommending that the Pesticides Control Board seek
outside funding for studying the effect of methods
for the control of mosquitos and black flies.

Whereas, the N.H. Pesticides Control Board is receiving increasing numbers of requests for large-scale spraying for the control of mosquitos and black flies; and

Whereas, the application of adulticides is only a short-term solution to the problem; and

Whereas, serious questions have been raised as to the adverse effects to the natural resources of the state, such as birds, beneficial insects, amphibians and other forms of wildlife by such applications of pesticides; and

Whereas, sufficient information is not available to determine whether the elimination of various insect species during the height of the nesting season significantly effects the bird population and the beneficial insects such as natural predators and honey bees;

Now therefore be it resolved by the House of Representatives:

That it recommends that the Pesticides Control Board immediately make every effort to ascertain any source of funds that are possibly available to fund a study of the effects of large-scale aerial spraying and of the other economic and safe alternative methods of reducing mosquito and black fly populations in the state to tolerable levels and advise the appropriate state agency of the results of its investigation.

Adopted.

Rep. French moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday next at 12:30 o'clock.

Adopted.

COMMUNICATION

May 27, 1975

Honorable George B. Roberts
Speaker of the House

Dear Mr. Speaker,

I would appreciate it if you could convey the following brief message to the Members of the House.

As we enter the final days of this regular session I would like the Members of the General Court to know precisely my feelings on the use of the gubernatorial veto.

First, I will not threaten the passage of any legislation with the prospective use of a veto, nor is anyone authorized to say for me that I will veto a given bill.

Second, whenever a bill reaches my desk that seems to me possesses some technical flaw which a recall by the Legislature could correct, I will ask that you recall the bill for your reconsideration in the hope that we could thus avoid a veto. This constructive procedure has already worked successfully with several important bills.

Third, no decision to veto a bill will be made until the bill is on my desk and I have had an opportunity to study it carefully. I have a great reluctance to veto any legislation passed by the Legislature and would do so only in the firm conviction that such action would be in the best interest of the State.

I sincerely hope that we can continue the excellent communication and fine cooperation that has thus far existed between the Legislature and the Executive branches.

Cordially yours,
Meldrim Thomson, Jr.

Reps. French and Spirou moved that the communication be printed in the Journal.

Adopted.

COMMITTEE REPORTS

Regular Calendar

SB 166, relative to limitations on the loaning authority of cooperative banks, building and loan associations and savings and loan associations in mobile home financing. Ought to pass with amendment. Rep. Shirley Clark for Banks and Insurance.

Currently banks are limited to a \$7500 loan on a used mobile home which must be repaid within eight years.

Bill allows higher loans to be made at a longer time for two reasons:

1. Mobile homes cost more (some over \$20,000 new) and last longer than they used to.
2. People with reduced income, or out of work, frequently need to refinance their mobile homes for a longer time at a lesser monthly payment.

AMENDMENT

Amend RSA 393:15-a, IV (a) as Inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(a) In Loans incurred for the purpose of mobile home financing, and the mobile home is taken as security, such loan shall not exceed fifteen thousand dollars and shall be repayable in regular monthly installments in accordance with the following schedule:

Age of the mobile home in months	Loan to be repaid in regular monthly installments within
Less than 3	12 years
Less than 12	11 years
Less than 24	10 years
Less than 36	9 years
36 or more	8 years

Further provided, however, no mobile home unit shall exceed seventy-five percent of the fair retail value, except that, with dealer recourse, such loan may exceed seventy-five percent, but not eighty-five percent of the fair retail value of the mobile home unit. However, the limitations of this paragraph relating to the amount of such financing may be exceeded provided that the loan shall be fully insured or fully guaranteed by the Federal Housing Administration or the Veterans Administration or a private insurance company licensed to do business in the state of New Hampshire and approved by the bank commissioner.

Amendment adopted.
Ordered to third reading.

Some insurance companies, mostly those doing mail order business, reduce disability income payments when social security payments for disability are increased by the amount of the social security increase. Bill prohibits this practice.

AMENDMENT

(13) A provision as follows: Loss of time benefits: if loss of time benefits payable to the insured are reduced by reason of benefits payable to the insured under the federal social security act, such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the first month that benefits are payable for a period of disability; except that if benefits under the policy are provided on a specified dollar amount basis, then such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the effective date of the policy.

Amend RSA 415:18, I (o), as inserted by section 2 of the bill, by striking out same and inserting in place thereof the following:

(o) A provision that if loss of time benefits payable to the holder of the certificate are reduced by reason of benefits payable to the holder of the certificate under the federal social security act, such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the first month that benefits are payable for a period of disability; except that if benefits under the policy are provided on a specified dollar amount basis, then such benefits shall not be further reduced by reason of any increase in benefits payable under the federal social security act which takes effect after the effective date of the policy.

No insurer authorized and licensed to issue policies

of insurance other than life and accident and health insurance and to transact business in this state shall cancel an agent's book of business with such insurer in its entirety or in part following an agent's decision not to accept a direct billing proposal advanced by the said insurer wherein such cancellation can be attributed to the agent's decision not to accept a system of direct billing to the insured.

The ordinance establishing the planning board or an ordinance amending such establishing ordinance shall specify the officer or employee of the municipality who shall issue in its behalf the certificate of failure on the part of the planning board to take action as aforesaid in this section. SUPREME COURT OPINION ON SB 17

To the House of Representatives:

The undersigned justices of the supreme court return the following answers to the questions with respect to Senate bill 17 contained in your resolution adopted May 6, 1975, and filed with the court on May 9, 1975.

Senate bill 17 by amendment of RSA ch. 72 would authorize towns and cities of the State, under new section RSA 72:43-a, to adopt by referendum the provisions of new sections RSA 72:43-b and RSA 72:43-c. The latter sections would provide exemptions from taxation for residential real estate as presently defined by RSA 72:29 II, ranging from five thousand dollars of assessed valuation of the property of persons of age sixty-five to seventy-five, to ten thousand dollars valuation of property of persons of age seventy-five to eighty, and a maximum of twenty thousand dollars for persons of age eighty years or older. They would further provide

that such exemptions would be in lieu of the exemption presently afforded by RSA 72:39 (Supp. 1973) and RSA 72:40, and would require specified qualifications of the owners, including five years' prior residence in the State, a maximum net income of seven thousand dollars if single, and nine thousand dollars if married, and net assets not exceeding thirty-five thousand dollars. These provisions are in contrast with those of the present law, affording an exemption of five thousand dollars of valuation to persons age seventy years or over and having a maximum net income of less than four thousand dollars or if married of less than five thousand, and net assets not in excess of twenty-five thousand dollars. RSA 72:39 (Supp. 1973), RSA 72:40, 41; Opinion of the Justices, 110 N.H. 206, 266 A.2d 111 (1970).

Your first question is as follows: "May the General Court constitutionally delegate to cities and towns the authority to create tax exemptions such as proposed in SB 17, the effect of which would be to permit the cities and towns to decide for themselves, individually and independently, whether or not to grant certain additional real property tax exemptions for the elderly?"

This question is answered "Yes"; the General Court may constitutionally delegate the specified authority to towns and cities. No unconstitutional delegation of authority results when the legislature establishes the terms of a general act, but leaves the determination of whether it shall have the force of law to the governing bodies of the localities to be affected or to the people themselves. "Giving them the right to be consulted was not a transfer of non-delegable power." *Goodrich Falls Co. v. Howard*, 86 N.H. 512, 517, 171 A. 761, 764 (1934). See also *State v. Rogers*, 105 N.H. 366, 371, 200 A.2d 740, 743 (1964).

Your second question whether "constitutionally mandated requirements for uniformity and equality of taxation" would be violated should less than all cities and towns adopt the optional exemptions provided by the bill, with a resulting "uneven system of taxation among elderly citizens", is answered "No". In the recent decision of *Felder v. Portsmouth*, 114 N.H. 573, 324 A.2d 708 (1974), the court had occasion to consider the constitutionality of analogous provisions of RSA 72:44-60 (Supp. 1973) authorizing a "Homeowners' Exemption". There the court reviewed the constitutional basis for exemptions from taxation with particular reference to the purpose of the Homeowners' Exemption Law, "to promote the public interest in preserving owner-occupied residential property". Id. at 577, 324 A.2d at 710. A minimum valuation feature of that law, not present in the bill now before you, was thought to render that law unconstitutional. The authorities and principles there discussed, however, support the validity of the pending act. Id. at 577-78, 324 A.2d at 710. For reasons pointed out in Opinion of the Justices, 112 N.H. 32, 35-36, 287 A.2d 756, 757-58 (1972), since "the property tax imposed would be uniform and equal within . . . [each] taxing district, . . . constitutional requirements would thus be met". Opinion of the Justices, 101 N.H. 549, 554-55, 137 A.2d 726, 730 (1958); *Railroad v. The State*, 60 N.H. 87 (1880).

Your third question is as follows: "Do the provisions of Senate Bill 17 calling for incremental increases in the exemption with advancing age conflict with constitutionally mandated requirements for uniformity and equality of taxation?"

While we are furnished no statistical studies which would supply factual bases for the conclusion (Cf. Opinion of the Justices, 111 N.H. 136, 143, 276 A.2d 821, 825 (1971)), it is reasonable to assume that with advancing age the average earning power diminishes, and income from shrinking principal decreases. The provisions by which increased exemptions would be afforded to resident owners in advanced age brackets appear to be reasonable upon their face, and hence to furnish just reason for the exemptions proposed. Opinion of the Justices, 112 N.H. 32, 34, 287 A.2d 756, 757 (1972). In terms of the current average tax rate for the State, the increases in exemptions provided by RSA 72:43-b and 43-c would result in limited tax reductions which on average might be thought not to exceed reasonable assistance. See Opinion of the Justices, 111 N.H. 136, 142, 276 A.2d 821, 824 (1971); Opinion of the Justices, 88 N.H. 500, 507, 190 A. 801, 806 (1937). Within constitutional limits, the wisdom and reasonableness of legislative measures are for the legislature to determine and not the courts. The increases would not offend constitutional requirements of uniformity and equality, since all resident owners within a specified class would qualify for the same exemption, subject to the same limitations.

Your third question is answered "No".

Your fourth question is "Does the failure of the bill to provide comparable tax relief for renters render the bill unconstitutional?" This question is answered "No".

The evident purpose of the bill is to protect elderly homeowners from loss of their homes by reason of taxation beyond their means. The constitution does not require parallel benefits to renters, who are not directly subject to the payment of property taxes, and not in similar jeopardy.

Your resolution seeks a reply "as expeditiously as possible", and since no specific constitutional objections to the bill have been suggested beyond those previously considered, your fifth question appears to require no further answer.

COMMITTEE REPORTS

CONTINUED

SB 84, relative to motor vehicle insurance and guaranteeing compensation for medical expenses and lost wages. Inexpedient to legislate. Rep. Shirley Clark for Banks and Insurance.

Subject covered in HB 695 which has passed house. This bill not a "no fault" bill but what is known as an "add on". It mandates that an individual purchase coverage which he can not obtain under a travel accident policy at substantially less cost. Passage of legislation of this sort would actually increase the cost of auto insurance by 5%.

Rep. Orcutt moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to her motion.

(Rep. French in the Chair)

Rep. Shirley Clark explained the committee report.

Reps. Burns and Gorman spoke against the motion.

SB 159, to reimburse Earla K. Williams for educational expenses incurred during an educational leave from the division of welfare and making an appropriation therefor. Inexpedient to legislate. Rep. Benton for Claims, Military and Veterans Affairs.

The claimants request for education at state expense was negated by a screening committee; the claimant, on her own initiative determined to continue her education, and did so in a "leave without pay" status. The committee feels it inappropriate to reimburse the claimant for expenses incurred on her own choice.

Rep. Nims moved that the words ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Chandler spoke in favor of the motion.

Rep. Cobleigh moved the previous question.

Sufficiently seconded.

Motion lost.

Resolution adopted.

SB 185, relative to the closing of schools on Memorial Day and Veterans Day. Inexpedient to legislate. Rep. Hager for Education.

This bill does not accomplish the purpose intended by the sponsor. There are several major errors in the bill and the committee feels that the local school boards can continue to handle the subject.

Rep. LaMott moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion.

Rep. Vachon requested a quorum count.

Majority: There is already encouragement within existing statutes and we feel that mandating French as the second official language would be unnecessarily confusing for international communication.

Minority: There appears to be an immeasurable degree of individual cultural enhancement and or enrichment for all the people of the State of New Hampshire. AMENDMENT

Amend the bill by striking out all after section 4 and inserting in place thereof the following:

5 New Chapter. Amend RSA by inserting after chapter 137-A the following new chapter:

CHAPTER 137-B**Emergency Assistance for
Kidney Disease Treatment**

137-B:1 Purpose. The state recognizes that the cost of life-sustaining treatment for end-stage or chronic kidney disease can be of such a magnitude as to place an unreasonable financial burden upon those who suffer such disease as well as any other person legally responsible for such cost. This chapter requires the state to be responsible as the source of last resort for paying the cost of necessary life-saving care and treatment for any resident of this state who is eighteen years of age or older and who is suffering from end-stage or chronic kidney disease.

137-B:2 Authority. The responsibility of this program is vested in the director of the division of public health, department of health and welfare.

Inexpedient to legislate. Rep. Drake for Appropriations.

Estimated cost to state is \$175,000 per year, with no real reductions in overhead cost of operating the State Prison. The root question is whether the correctional system should be completely state funded. In view of this and there being no provision in this bill for an equitable cost to be assessed, this bill should go to interim study.

Rep. Richard Bradley moved that the words, ought to pass, be substituted for the committee report, inexpedient to legislate, and spoke to his motion and subsequently withdrew his motion.

funded employees and requiring agencies receiving
federal grants to compute indirect costs thereof.

Amend section 1 of the bill by striking out the same and inserting in place thereof the following:

1 Exception Where Federal Funds Involved. Amend RSA 281 by inserting after section 6 the following new section:

281:6-a Exception. In the event that federal regulations prohibit the direct assessment of payments made pursuant to the provisions of RSA 281:6, said payments shall be a charge against the general fund in the first instance and such recovery as is authorized and under such conditions as prescribed by federal regulations shall be made by each affected agency.

Further amend the bill by striking out section 3 and inserting in place thereof the following:

3 Indirect Costs on Federal Grants. Amend RSA 124 by inserting after section 10 the following new subdivision:

Indirect Costs

124:11 Computation of Indirect Costs Required. Each state agency receiving a federal grant or grants shall compute an agency indirect cost rate for each grant as provided by federal regulation and shall apply the same to each grant it receives. Any state agency making grants of federal funds to any other state agency, either directly or as a pass-through, shall fund the indirect costs for each such grant in the amount of the indirect costs of the state agency to which it has granted the funds in accordance with the indirect cost rate computed as provided by federal regulations by the receiving state agency. All such indirect costs received shall accrue to the state general fund and shall not be available for expenditure by the agency, except that in the case of the departments of public works and highways and fish and game that proportion of any indirect cost recovery which represents costs of either of said departments as opposed to the state-wide overhead cost portion of the rate shall accrue to the highway fund or the fish and game fund as applicable.

Ordered to third reading.

Rep. Taylor abstained from voting under Rule 16.

SB 238, relative to payment to certain town clerks for services to unincorporated places during elections and making an appropriation therefor. Inexpedient to legislate. Rep. Drake for Appropriations.

The level of service required by law does not justify the fees requested.

Resolution adopted.

SB 308, increasing cosmetology and manicuring license and registration fees and establishing biennial renewal periods for such licenses and registrations. Ought to pass. Rep. Drake for Appropriations.

Increase in fees will allow us to pay for personnel properly required to administer the regulation of this field.

Ordered to third reading.

Resolution adopted.

The Speaker called for the special orders:

SB 316, prohibiting the sale of birth control devices to certain minors without parental consent. Majority: Ought to pass with amendment; Rep. Eugene Daniell for Health and Welfare. Minority: Ought to pass. (Reps. Appleby, Gabrielle Gagnon, Chris Andersen, Reardon, Sweeney, Ralph and George E. Gordon)

Majority: Acceptance of the committee report "ought to pass as amended" would prohibit the dispensing of contraceptive devices to minors under 14 years of age. Minority: Passage of this bill in its original form with applicable age of 16 will provide for closer communications between parent and child and would act as a deterrent for certain children who might otherwise enter into a life of sexual promiscuity. There has been a noticeable erosion of parent child relationship and the minority feels that passage of this proposal will help to mend said relationship. Minority also feels that if this bill ends up in a committee of conference that it will end up in sure defeat.

Rep. French moved that debate on SB 316 be limited to one-half hour equally divided.

Adopted.

Rep. George Gordon requested a quorum count.

The Speaker declared a quorum present.

Rep. George Gordon moved that the report of the minority, ought to pass, be substituted for the report of the majority, ought to pass with amendment, and spoke to his motion.

(Rep. French in the Chair)

Reps. Blanchette, Nighswander, David Bradley and Eugene Daniell spoke against the motion.

Reps. Sweeney, George Wiggins, Ralph, Chris Andersen and Morrisette spoke in favor of the motion.

Rep. Nighswander moved the previous question.

Sufficiently seconded.

Adopted.

A roll call was requested.

Sufficiently seconded.

(Speaker in chair)

Rep. Corey abstained from voting under Rule 16.

COMMITTEE REPORTS CONTINUED

SB 235, relative to the membership on the judicial council. Ought to pass. Rep. Wilfrid Boisvert for Executive Departments and Administration.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Effective Date. This act shall take effect upon its passage.

Amend RSA 420-A:10 as inserted by section 1 of the bill, by striking out same and inserting in place thereof the following:

420-A:10 Reserves. Every such corporation shall collect reasonable rates as described in RSA 420-A:11, designed to permit it to accumulate and maintain a contingency reserve fund.

If the liabilities of such corporation exceed its assets, however, the commissioner shall permit the corporation to charge rates designed to enable the corporation to accumulate such a reserve fund by an amount equal to at least five percent of the annual premium income of the corporation until such time as the assets of the corporation equal its liabilities. In no event shall the commissioner permit the corporation to charge rates which would result in a reserve fund in excess of 16 percent of the annual premium volume of the corporation. Amend RSA 420-A as inserted by section 1 of the bill by inserting after section 19 the following new section:

SB 4, regulating the liability of governmental units in actions to recover for bodily injury. Ought to pass with amendment. Rep. Morrisette for Judiciary.

In accordance with a recent court decision this bill provides for municipal and county liability for bodily injury caused by the fault of the political subdivision covering motor vehicles but excepting public sidewalks, streets and highways. Many towns already carry insurance. The committee favors passage of this part of the bill. That part of the bill referring to state liability is reported for interim study looking toward assumption of responsibility by the state. The limit of liability is \$50,000.

SB 73, relative to public jurisdiction over Mt. Monadnock and Gap mountain, providing for necessary land acquisition and improvements and making an appropriation therefor. Ought to pass with amendment. Rep. Clafin for Resources, Recreation and Development.

Bill deals in an orderly manner with the increasing recreational load on the Mt. Monadnock area.

AMENDMENT

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Monadnock-Gap Mountain Area. Amend RSA by inserting after chapter 227-C the following new chapter:

CHAPTER 227-D

Preservation of Mount Monadnock-Gap Mountain

227-D:1 Declaration of Policy and Purpose. The general court declares that Mt. Monadnock located in the towns of Dublin, Jaffrey and Marlborough and, to a lesser extent, Gap mountain in Troy, constitute a unique geographical attraction which brings thousands of visitors to the state each year, and require supervision and planning by the state of New Hampshire. It has been established that there is a great need for the state to take jurisdiction over the lands on Mt. Monadnock which are presently open to the public in order that these unique highlands can be preserved from the ravages of over-use. It is especially clear that access to Mt. Monadnock can only be controlled if the state, through the department of resources and economic development can regulate and police the well established trails leading to the summit.

227-D:2 Leases of Land. The department of resources and economic development is hereby authorized and directed to negotiate with the Society for the Protection of New Hampshire Forests, the town of Jaffrey and the town of Troy lease agreements by which the lands now owned by the Society and said towns shall be managed and supervised by the department of resources and economic development personnel. Such lease agreements shall include but are not limited to, provisions for the exercise of police powers vested in parks division personnel on such lands, timber cutting, trail location and relocation, search and rescue operations, public liability, restrictive uses such as camping, the term of the lease, and all other aspects of operating said lands for public recreational uses consistent with the natural mountain environment. The lease with the Society for the Protection of New Hampshire Forests may also include provisions for the lease of land owned by said Society on Gap mountain.

227-D:3 Tax Exemption. The land presently owned by the Society for the Protection of New Hampshire Forests on Gap mountain in Troy shall hereafter be exempt from local property taxes normally imposed by the town of Troy so long as the Society and the state of New Hampshire as lessee of the Society for the Protection of New Hampshire Forests shall use said lands for recreational, wildlife, open space and forestry purposes only. Any leases adopted under this section shall not preclude the department of resources and economic development from charging fees for the use of lands specified in this section.

227-D:4 Advisory Commission. There is hereby established a Monadnock advisory commission which shall establish policies affecting the recreational use of Mt.

Monadnock and Gap mountain. Such commission shall consist of two members from each town of Dublin, Jaffrey, Marlborough and Troy, the commissioner of resources and economic development, the director of the division of parks and the director of the division of resources development of the department of resources and economic development, and the president/forester of the Society for the Protection of New Hampshire Forests or their designees. The town member shall be selected by the towns annually either by appointment of the selectmen or by the annual town meeting as the towns shall determine at their annual meeting. Vacancies shall be filled by the selectmen for the unexpired term. The commission shall meet at least twice a year to review the policies and plans of the department of resources and economic development as they relate to Mt. Monadnock and Gap mountain.

227-D:5 Powers of the Advisory Commission. The Monadnock advisory commission shall have no power to increase the duties imposed upon the department of resources and economic development under this chapter but any proposed policy of the department of resources and economic development relating to the use of Mt. Monadnock or Gap mountain which is unanimously disapproved by the members of said commission representing the towns, present and voting, shall be void and inoperative.

227-D:6 Easements on Nonpublic Areas. The department of resources and economic development is hereby authorized and directed to contact any private landowners through whose property or properties the summit trails to Mt. Monadnock or Gap mountain lead and to offer to undertake police and recreational jurisdiction over the said trails as they pass through said private property or properties in order to protect the landowners and the trails.

2 Capital Appropriations. The sums detailed in this section are hereby appropriated to the department of resources and economic development for capital improvements:

Land Acquisition	\$300,000
Administrative costs	15,000
Parking areas at Marlborough Trail and Toll Road	5,000
Improvements to the Park as expanded on Bolles and Jewell properties	85,000
Improvements to town road leading to the Marlborough Trail	2,000
Fence to enclose reservoir for town of Jaffrey	14,000
Less federal funds	195,000

Net State Appropriation \$226,000

3 Bonds Authorized. To provide funds for the appropriation of state funds made in section 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state the sum of two hundred twenty-six thousand dollars and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

4 Payment of Principal and Interest. The payment of principal and interest on bonds and notes issued under section 3 of this act shall be made when due from the general funds of the state.

5 Effective Date. This act shall take effect July 1, 1975.

Amendment adopted.

Referred to Appropriations.

SB 334, exempting guarantees for maintenance products from motor vehicles warranty regulations. Inexpedient to legislate. Rep. James Murray for Transportation. Committee felt that the oil company guarantees that this bill would allow in New Hampshire were of no value to the public. Vote was unanimous.
Resolution adopted.

SB 138, relating to the definition of property within the state under the business profits tax. Refer to the Committee on Ways and Means for interim study and that a resolution requesting an advisory opinion be forwarded to the Supreme Court. Rep. Seamans for Ways and Means.

The committee feels that additional study of this bill is required and would be beneficial. The committee also recommends that an advisory opinion be obtained from the Supreme Court.

Resolution

Whereas, there is presently pending before the House of Representatives 1975 Senate Bill 138, relating to the definition of property within the state under the business profits tax; and

Whereas, the purpose of 1975 Senate Bill 138 is to relieve from taxation certain suppliers of the state liquor commission who would otherwise be subject to the business profits tax; and

Whereas, concern has been expressed that limiting this proposed legislation to spirits and wines may be in violation of the "proportional and reasonable" requirements of Article 5 of Part Second of the Constitution of New Hampshire or may create an impermissible classification of property in violation of Article 6 of Part Second of the Constitution of New Hampshire; now therefore be it

Resolved by the House of Representatives:

That, the justices of the Supreme Court be respectfully requested to give their opinion upon the following important questions of law:

May the general court constitutionally limit the definition of "business organization" under RSA 77-A:1, I when the consequence of such a limitation is to relieve from taxation otherwise taxable net income derived from a particular type of business activity, as specified in 1975 Senate Bill 138? Would any other provision of the New Hampshire Constitution be violated if Senate Bill 138 were enacted into law?

That, the clerk of the House transmit ten copies of this resolution and ten copies of Senate Bill 138 to the Clerk of the Supreme Court for consideration by said court. Adopted.

SB 148, relative to the meals and rooms tax exemption for permanent hotel residents. Inexpedient to legislate. Rep. Lawrence for Ways and Means.

The present law already exempts payment of the rooms tax on occupancies from the 96th day on. The committee felt it would be an undue hardship on tenants, not to refund the tax collected for the previous 95 days.

Resolution adopted.

SB 242, providing an exemption from reassessment of property taxes for the installation of insulation in owner-occupied single-family residences. Inexpedient to legislate. Rep. LaBonte for Ways and Means.

The committee opposed this exemption as it was unfair to limit it to single family homes. It did not appear to be a meaningful way to deal with the energy crisis.

Resolution adopted.

COMMITTEE REPORTS CONTINUED

SB 111, providing for the regulation of electricians. Ought to pass with amendment. Rep. Proctor for Executive Departments and Administration.

The bill as amended has been agreed to by all concerned including the sponsor. It does not prevent individuals from doing electrical work in their own homes, but it does put New Hampshire electricians through licensing on an equal basis with electricians in other states.

Rep. Marsh moved that the words, inexpedient to legislate, be substituted for the committee report, ought to pass with amendment, and spoke to his motion, and subsequently withdrew his motion.

Rep. Marsh moved that SB 111 be laid upon the table.

Adopted.

SB 226, admitting the crime of negligent contribution to a child's delinquency and permitting a person to recover damages resulting from the torts of a minor in an action against the minor's parents. Majority: Inexpedient to legislate; Rep. Castaldo for Judiciary. Minority: Ought to pass. (Rep. Morrisette)

Majority: Who would dare to have children if this bill were enacted into law? The committee recognizes that vandalism is a serious problem, but does not see this bill as a solution. As written, any parent is liable for vandalism by his child regardless of how good a parent he may be, or whether his child was one of a group and he may be the only parent with any assets. The vote was 16-3. This bill would reap a harvest for lawyers, but they are not the ones who voted for it.

Minority feels that this bill is critically needed to place a check on vandalism. The time is long overdue to hold parents who are indifferent to continuous vandalism on the part of their children to be held responsible. The increased delinquency in this area is going up in an alarming rate and this law would serve as a deterrent.

Rep. Morrisette requested a quorum.

The Speaker declared a quorum present.

Rep. Morrisette moved that the report of the Minority, ought to pass, be substituted for the report of the Majority, inexpedient to legislate, and spoke to his motion.

(Rep. French in chair)

Reps. Hobbs, Reese, Philip Currier and Castaldo spoke against the motion.

Reps. Richard Bradley and Bednar spoke in favor of the motion.

Rep. Day spoke to the bill.

Rep. Lyons moved the previous question.

Sufficiently seconded.

Thank You Lord, for the beautiful day. I think? Help us to use such a day wisely and well. It's not easy. Even in Your Book I recall how Cain said to his brother Abel, "Let's go out in the corn patch and converse." And when they got out there, Cain clobbered Abel (Genesis 4:8, paraphrase). And in response to this You said to Cain, "What have you done?" (Genesis 4:10, paraphrase). We'll really be asked, in Your good time, "What have we done?" with this glorious day—a time filled with great possibilities. O Righteous Father, keep us intuned to the Beatitudes—humility, sensitivity, discipline, intentionality, compassion, sincerity, reconciliation, courage. Safe guard us from the "seek and destroy" compulsion that "chomps at the bit" in all of us and dare to follow the lifestyle of that Man called Jesus who had it all-together. O God, bless us with an all-together lifestyle, pleasing in Your sight. Amen!

(Speaker in chair)

GOVERNOR'S VETO MESSAGE

The Secretary of State read the veto message on HB 754.

To the Honorable Members of the General Court:

Pursuant to Article 44, Part II of the Constitution, I return herewith House Bill 754 without approval. The reasons for my objections are as follows:

No bill has given me more concern than this one.

I have had four different executive orders drawn that address themselves to the subject matter of this bill.

I have discussed the matter four different times with the sponsor and once with the Council and sponsor.

Always, I returned to the simple proposition that, however meritorious the idea of a judicial screening committee might seem, it ran contrary to the clear intent of our Constitution.

The power to nominate and appoint all judicial officers rests solely with the Governor and Council under Article 46, Part II.

In the fullness of their wisdom our founding fathers provided in Article 37, Part I of our Constitution that the legislature, executive and judiciary "ought to be kept as separate from and independent of each other, as the nature of a free government will admit."

To keep separate and independent these three essential powers of government, the Constitution provided salutary checks on each branch by the others.

In the case of the judiciary the legislature holds a check thereon by means of its purse strings.

In turn the executive checks the judiciary through its exclusive power to nominate and conform all judicial officers.

House Bill 754 has no real power over the executive because Governor and Council could ignore all judicial candidates whose names the 11 member screening board might submit to the executive for consideration.

Even the proponents admit the bill can in no way bind the Governor and Council in carrying out their constitutional power of appointing all judicial officers.

If this were simply a legislative exercise in futility there would be no need to object to its passage.

But it does in fact constitute a clear danger to the separation of the three essential powers of government.

This bill is an obvious attempt by some members of the judiciary and legal profession to influence the selection of judges. If this were not so there would be no support for it. Its proponents, by their vigorous support, proclaim their belief that the board created by the bill and weighted heavily in favor of judges and lawyers, would influence Governor and Council in their judicial selections.

Would this not be one branch of government, stealthily exerting power over another, to the ultimate harm of the citizens of our State?

It is said that House Bill 754 provides for confidentiality of the Board's selection of candidates for judicial nomination.

But who is so naive as to believe that 11 persons, six of whom are lawyers and judges, could be counted on not to leak the deliberations of their meetings?

What would happen to the reputation of a lawyer whose name came before the Board, was found unqualified for a judgeship, and that information became common gossip?

This is a lawyer's bill self-serving the profession.

It responds to no need for reform of our present tried and successful method of selecting our judges.

It would only serve to weaken the strong fabric of our venerable Constitution. Eventually, through a committee that in no way is responsive to the citizens, it could, and if I guess correctly, would be used to dilute the power of the people's elected representatives to nominate and appoint all of their judicial officers.

I am authorized to report to you that all five members of the Executive Council are strongly opposed to House Bill 754.

The senior Executive Councilor, James H. Hayes, in an excellent letter on this subject, made the following important point:

"This proposed legislation infers that there is a need for such a screening committee in New Hampshire to assist the Governor and Council in fulfilling their constitutional obligations in a prudent manner. In my opinion there has been no evidence submitted that would indicate any lack of application on the part of any Governor or any member of the Executive Council to select the best available candidates for appointment to the judiciary. As I allow myself to review the performances of the judiciary that I have been involved in appointing over the past seventeen years I can think of no one individual who is not satisfactorily performing his duties."

For these reasons I sincerely hope the Honorable Members of the General Court will, upon mature reflection, deem it wise to support my objections to House Bill 754.

Cordially yours,
Meldrim Thomson, Jr.
Governor

Such report shall segregate the cost applicable to the

city of Manchester for its police members and the cost applicable to the city of Nashua for its police members. Any excess payments made by the city of Manchester or Nashua in the normal contribution shall be offset against the total cost applicable to each city upon proper determination by the board of trustees. Such report shall also segregate the unfunded accrued liability cost applicable to employees from the period July 1, 1967, to the present. The result of the report shall be communicated to the board of mayor and aldermen of each city respectively.

II. The board of trustees of the New Hampshire retirement system is hereby authorized to negotiate an acceptable method of payment by each city of its share of the cost as determined in paragraph I, such method of payment may be amortized over a period not exceeding twenty years from the date of merger. The employees portion of the unfunded accrued liability as determined in paragraph 1 shall be negotiated with the applicable city as to the amount of and the method of repayment to said city by the affected employees. Upon agreement between the board of trustees and the city of Manchester or Nashua the agreement shall be submitted to the fiscal committee of the general court for their approval and to the governor and council for their approval.

III. On June 30, 1976, provided that written agreement between the board of trustees and the city of Manchester or Nashua of an acceptable method of payment has been obtained and approved by the fiscal committee of the general court and by governor and council, the assets and liabilities of the New Hampshire policemen's retirement system applicable to the respective city, shall be transferred to the New Hampshire retirement system to be administered in accordance with RSA 100-A. All retired members and beneficiaries who are receiving or are eligible to receive benefits under RSA 103 as of June 30, 1976 shall receive the same benefits from the New Hampshire retirement system but in accordance with the payment provisions and restrictions of the New Hampshire policemen's retirement system.

IV. All actively employed members of the New Hampshire policemen's retirement system employed by the city of Manchester or Nashua on June 30, 1976, shall become police members of group II and make contributions as provided under RSA 100-A:16 provided payment is made in accordance with paragraph III. All full contributing members of the New Hampshire policemen's retirement system shall become police members of group II unless such member elects on a form prescribed by the board of trustees to remain a member of the New Hampshire policemen's system and files said form with the board on or before September 1, 1976. Members so transferred under this section shall make contributions as provided in RSA 100-A:16 and at the time of retirement, death, disability, or termination, shall be considered to have been full police members of group II hereunder for the entire periods of their creditable service under either system and may be eligible for all benefits provided under RSA 100-A for police members of group II.

SB 186, providing for reimbursement from the traffic safety fund to persons taking private driver education courses. Majority: Ought to pass with amendment; Rep. Young for Transportation. Minority: Inexpedient to legislate. (Reps. Lyons, D'Amante, James W. Murray, Parnagian, Ryan and Shepard)

Majority of the committee felt this would help some children to get driver education who now cannot for reasons such as employment, too far behind in school grade, dropouts, etc.

Minority felt passage of this bill to be a violation of the public trust because these funds are collected by the state and passage of this legislation turns them over to private enterprise. The Department of Safety, Department of Education, and the AAA were opposed to this bill on the grounds that it will destroy the driver education program.

The only people who appeared in favor of this bill were the owners of private driving schools who testified that the bill has been filed in previous sessions of the Legislature and failed.

AMENDMENT

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

providing for reimbursement from the traffic safety fund to persons taking private driver education courses; changing the violation of speed regulations for certain highways from unreasonable and imprudent speed to using excessive fuel and providing a penalty therefor and providing for payment of fines collected therefor to the traffic safety fund.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Using Excessive Fuel. Amend RSA 262-A:60, as inserted by 1963, 330:1, as amended, by inserting after paragraph II the following new paragraph:

III. In any complaint which alleges that the speed of a motor vehicle on the interstate system, the central New Hampshire turnpike and the eastern New Hampshire turnpike in locations where said highways are four-lane divided highways

or other divided highways of four or more lanes was in excess of the established prima facie limit on said highway but was equal to or less than seventy miles an hour, the defendant shall be charged with using excessive fuel and not with driving at a speed greater than is reasonable and prudent.

5 Using Excessive Fuel. Amend RSA 262-A by inserting after section 60 the following new section:

262-A:60-a Using Excessive Fuel; Penalty. Notwithstanding RSA Title LXXII, any person convicted of using excessive fuel as provided in RSA 262-A:60, III shall be fined five dollars plus fifty cents for each mile per hour that he was operating his motor vehicle over the established prima facie limit. All fines collected pursuant to this section shall be paid to the director of the division of motor vehicles, department of safety, to be expended solely for courses of instruction and training in safe motor vehicle driving pursuant to RSA 262:1-a.

6 Effective Date. This act shall take effect sixty days after its passage.

The Speaker called for the special orders:

SB 295, establishing a state housing finance agency and making an appropriation therefor and establishing a state retirement system mortgage fund. Ought to pass with amendment. Rep. Drake for Appropriations.

This bill allows for mortgages to be issued at a lower rate than banks are now giving. This should stimulate building and construction in the next few years.

Rep. Schwanner moved that SB 295 be laid upon the table.

Motion passed.

SB 203, relative to compensation deductions and late filing fees under the business profits tax. Majority: Inexpedient to legislate; Rep. Anne B. Gordon for Ways and Means. Minority: Ought to pass. (Reps. Cunningham, Parr, Canney, Kenneth C. Smith, Donnelly, Belanger and LaBonte)

Majority: The bill contains a good concept, but the majority of the committee did not favor its enactment because of the adverse impact it would have on business profits tax revenue.

Minority: Bill discriminates against the small proprietor as he cannot take the salary against an operating loss and a partnership corporation can.

Rep. Parr moved that the report of the Minority, ought to pass, be substituted for the report of the Majority, inexpedient to legislate, and spoke to her motion.

Reps. Perkins and Philip Currier spoke against the motion.

Rep. Cunningham spoke in favor of the motion.

Rep. Close moved the previous question.

Sufficiently seconded.

Adopted.

Motion lost.

Majority Resolution adopted.

SCR 14, establishing an interim study committee to investigate the fee structure for registration of automobiles. Ought to pass. Rep. Estee for Transportation.

Majority of committee felt that passage of this resolution could result in a contribution by the state of New Hampshire thru future legislation to conserve automotive fuel.

Rep. Eugene Daniell offered an amendment.

AMENDMENT

Amend the caption of the resolution by striking out same and inserting in place thereof the following:

establishing an Interim study committee to
investigate the fee structure for registration
of automobiles and trucks.

Amend the resolution by striking out all after the caption and inserting in place thereof the following:

Whereas, the average motorist and trucker needs additional incentive to limit his fuel consumption; and

Whereas, such additional incentive will have an impact not only on fuel conservation but also on the environmental quality of life within this state; and

Whereas, higher registration fees for automobiles and trucks that attain low fuel mileage or lower registration fees for automobiles and trucks which attain high fuel mileage would provide such additional incentive; now therefore, be it

Resolved by the Senate, the House of Representatives concurring:

That an Interim study committee is hereby established to study the feasibility of relating the fees paid for automobile and truck registration in this state to the amount of fuel consumed by the automobiles and trucks and to increase state revenue by implementing a system of equitable charges on truck registration fees. This committee shall consist of three senators appointed by the president of the senate and three representatives appointed by the speaker of the house and shall report its finding together with recommendations and any proposed legislation to the president of the senate and the speaker of the house on or before December 15, 1976.

Amendment adopted.

SCR 14 adopted.

SB 8, eliminating the prohibition against sweepstakes drawings in the form of numbers, policy, bolita or similar games. Majority: Ought to pass; Rep. Cunningham for Ways and Means. Minority: Inexpedient to legislate. (Reps. Marsh, Underwood and Elmer Johnson)

Majority of the committee felt that this legislation is necessary should our sister states go to this form of public drawings.

Minority feels that this is a major departure from past and present sweepstakes policy.

Rep. Marsh moved that the report of the Minority, inexpedient to legislate, be substituted for the report of the Majority, ought to pass, and spoke to his motion.

Rep. Philip Currier spoke against the motion.

Rep. Close moved the previous question.

Sufficiently seconded.

Adopted.

A division was requested.

152 members having voted in the affirmative and 162 in the negative the motion lost.

Adopted.

Mr. Speaker, I rise in support of concurrence with the Senate amendment.

This resolution, with the Senate amendment, clearly establishes the right to bear arms. The same article, as amended, permits the General Court to legislate on the manner of bearing arms.

This does not endanger or weaken the original resolution, in fact it improves the resolution.

The Legislature cannot disclaim all responsibility. For example, an existing statute prevents a hunter from driving with a loaded gun in his car. However, his basic right is preserved, he may carry an unloaded gun and ammunition.

Many other statutes should be retained. The Constitutional Revision Committee was polled and voted almost unanimously that the House should concur.

I believe we should also approve the new official title as written by the Honorable Senate: "persons may bear arms to protect themselves their families, their property, and the Senate"

The new title will not appear on the ballot or in the Constitution. It will do no harm.

No doubt all members of the House understand why the Senate might expect to be attacked.

We realize that senators may be incapable of defending themselves, or themselves, as a Senator might say.

I concur with the amendment and also with the new title, including the new word itself, spelled T-H-E-M-S-E-L-F in the official title.

Acceptance of this Senate title informs the electorate we work with a Senate which may carry guns, but which does not read, write or understand English.

I move we concur with the amendment and the new title.

HOUSE CONCURRENT RESOLUTION

No. 16

memorializing Congress to repeal
the Occupational Safety and
Health Act.

Whereas, the Occupational Safety and Health Act (OSHA) as presently administered directly interferes with New Hampshire's right to regulate business activities carried on within the state; and

Whereas, such Interference is in direct contravention to Article 10 of the United States Constitution; and

Whereas, OSHA representatives are required to levy immediately a fine for any violation of OSHA's regulations; and

Whereas, such fines were levied against 102 New Hampshire businesses from January 4, 1973 to June 22, 1973, in a total amount of \$17,689.00; and

Whereas, the present economic condition of this state and of the nation as a whole requires that business activities be protected from harassment and be encouraged to expand; and

Whereas, the present OSHA practices discourage businesses by levying fines without notice of violations, or chance to remedy such violations; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That the Legislature memorialize the New Hampshire representatives to the Congress of the United States to:

I. Take such action as will repeal the present sections of the Occupational Safety and Health Act which act to the detriment of the businesses in this state and the nation; and

II. Have the Congress review present OSHA regulations to achieve a more workable balance between worker safety and the economic burden imposed on employers to insure such safety in view of the present economic climate.

That copies of this Resolution be forwarded by the secretary of state to the Washington office of each of the United States senators and representatives from the state of New Hampshire.

On a voice vote the Speaker was in doubt and requested a division.

REQUEST CONCURRENCE WITH AMENDMENT

HB 508, establishing a housing finance agency. (Amendment printed SJ of May 29)

Rep. French moved that the House concur.

Adopted.

GOVERNOR'S VETO MESSAGE ON HB 274

Pursuant to the provision of Article 44 Part II, I return herewith House Bill 274, a bill relative to providing a hearing and appeals procedure in the Division of Welfare, with my objections thereto as follows:

1. The bill would open the door to a multiplicity of complaints before a hearing board by any person aggrieved by any program of the Division of Welfare.

The only qualification for a person as a complainant before the Appeals Board is that he or she be "aggrieved or dissatisfied". Thus, the most capricious or spurious complaints would have to be heard.

2. This bill would begin to undue all of the good accomplished by the Legislature in the enactment of the Welfare Reform Bills—Senate Bills 12 and 249.

3. The Attorney General stated to me that "the fundamental objectives of the bill are excellent and deserving of support: to provide for prompt initial hearings and dispositions of appeals from administrative action in welfare cases. The welfare applicant who would appeal under the procedure which these sections would provide would be assured of prompt consideration; the Welfare Division itself would be assured of a prompt initial decision upon which financial considerations would turn".

4. The Attorney General further states, "because of meritorious objects of the bulk of the provisions of these sections, I am sorry to have to raise one objection based on a very serious flaw in RSA 126-A:9-a, II which would be inserted by section 2 of the bill if enacted. That provision allows for an appeal to the Board of Appeals of the Health and Welfare Advisory Commission when either a welfare applicant or the Welfare Division claims to be aggrieved by a decision of the hearings officer who would be authorized to consider initial appeals under Section 1 of the bill. Instead of making the Board of Appeals the final appellant authority, subject of course to review on writ of certiorari by the New Hampshire Supreme Court, the new RSA 126-A:9-a, II would provide for a further appeal, so-called, from the Board of Appeals to the Superior Court.

5. "Not only that, but the Superior Court proceeding would be 'de novo', which means that it would not merely be a review of claimed mistakes below but an entirely new proceeding, starting from scratch. I believe one can only reasonably conclude that such cases would place a significant burden on an already heavily burdened Superior Court, and derivatively on the Supreme Court as well.

6. "The burden of providing legal representation would similarly be a heavy one, however it would be financed. For these reasons, I believe the final two sentences of the proposed RSA 126-A:9-a II should be deleted".

7. The Attorney General concludes by stating that "I am sufficiently familiar with the working of the Appeals Board of the Health and Welfare Advisory Commission to know that it is not unfairly weighted in favor of the State and against appealing welfare recipients. Notions of fairness, then, certainly do not call for a right to a full-scale Superior Court trial with appeal to the Supreme Court in cases which have already been fully heard by an impartial hearings officer and appealed through the Board of Appeals".

8. Commissioner Whaland has informed me that if the veto is sustained he will be able to set up administratively a procedure whereby the staff of the Welfare Department can handle administratively many of these cases without necessitating their going to the Appeals Board provided for under current law. This will accomplish the intent of the sponsors of this legislation without further overcrowding our court system.

9. By Senate Bills 12 and 249 we have created the vehicle necessary to achieve welfare reform in our state. It would be most unfortunate if by this bill we snatched the motor from that vehicle before it could be road tested.

I most respectfully urge that you join with me in rejecting House Bill 274.

Meldrim Thomson, Jr.

Rep. Fleisher moved that consideration of the veto be made a special order for Tuesday next, and spoke to her motion.

Rep. Chandler spoke to the motion.

Rep. Gauthier requested a roll call.

THE NATIONAL ANTHEM

O say can you see, by the dawn's early light, What so proudly we hailed at the twilight's last gleaming, Whose broad stripes and bright stars, through the perilous fight, O'er the ramparts we watched, were so gallantly streaming? And the rockets' red glare, the bombs bursting in air, Gave proof through the night that our flag was still there.

O say does that star-spangled banner yet wave o'er the land of the free and the home of the brave?

GOVERNOR'S VETO MESSAGE ON HB 236

The Secretary of State read messages from His Excellency, the Governor, concerning vetoes of HB 236, limiting use of felony convictions as disqualifications for employment by the state or political subdivisions or to engage in a practice for which a license is required, and HB 864, relative to the licensing of persons to carry loaded pistols and revolvers.

To the Honorable Members
of the General Court

I respectfully return herewith and without my approval HB 236, limiting use of felony convictions as disqualifications for employment by the state or political subdivisions or to engage in a practice for which a license is required, and pursuant to Article 44, Part II of the Constitution, and note my reasons therefor below.

1. This bill would remove the stigma of a felony conviction as a disqualification for employment or for a professional license.

In effect it would bypass the Constitution which in Article 52, Part II vests in Governor and Council the exclusive right to expunge a criminal record by granting a pardon.

2. The question of moral turpitude, as evidenced by a felony conviction, could not be considered in hiring a person in state or local government, no matter how sensitive that position might be.

3. In anticipation of his early release from state prison, an inmate could apply to the Supreme Court for a license to practice law and his application could not be denied under this bill because of his criminal record.

4. Our present law, RSA 651:5 VIII, provides adequate protection, short of a pardon, for a rehabilitated felon, to re-establish himself in society.

5. I am authorized to state that the Attorney General, Warren Rudman, joins me in opposition to this bill.

For these reasons I respectfully urge your support of my objections to the enactment of House Bill 236.

Meldrim Thomson, Jr.

COMMUNICATION
Relative to HB 236

His Excellency, Meldrim Thomson, Jr.
State House
Concord, New Hampshire

Your Excellency:

You have advised me this morning that you have inadvertently signed a bill which was presented to you by the Legislature. You have also advised me that you have not sent the bill forward to the Secretary of State and that you had previously indicated that the bill would be the subject of a gubernatorial veto. You have asked whether or not you may now strike out your name and return the bill to the Legislature with a veto message.

Our answer is in the affirmative.

It is quite clear that the intention of a Governor to veto legislation cannot be thwarted by a clerical error.

Warren B. Rudman
Attorney General

GOVERNOR'S VETO MESSAGE ON HB 864

To the Honorable Members
of the General Court

I respectfully return herewith and without approval House Bill 864, relative to the licensing of persons to carry loaded pistols and revolvers, and pursuant to Article 44, Part II of the Constitution with my objections noted thereto.

1. This bill would require the fingerprinting and photographing of all non-residents who apply to the Director of State Police for a license to carry a loaded pistol or revolver.

2. Under our present law, RSA 159:6 fingerprinting and photographing are not required. There has been no serious objection to the operation of our present law.

In the last three fiscal years the Director of State Police has issued 5,558 pistol permits. Most of these were renewals.

3. There is no valid reason to treat non-residents different than residents. If we are concerned about issuing pistol permits to possible non-resident criminals, the Director of State Police can run an identity check on each applicant.

4. If by this bill we require fingerprinting and photographing of non-resident pistol permit applicants, how easy it would be in another legislative session to extend the requirement to all New Hampshire citizens by amending the section and inserting the word "resident".

5. New Hampshire is a tourist state not a police state!

6. Finally, this bill would authorize an unnecessary intrusion into the privacy of our visitors. It would clearly tend to erode the right to keep and bear arms guaranteed to all citizens by the Second Amendment to the Federal Constitution.

I sincerely hope that upon reconsideration of this bill the reasons noted herewith will encourage your support of my objections.

Meldrim Thomson, Jr.

Rep. French moved that consideration of the Governor's vetoes on HB's 236 and 864 be taken up after HB 274 has been considered and spoke to his motion.

Lord, we are concerned and ashamed that so often gold and silver, power and noise shut out the simple compassion of the human heart. Help us to care, as You care, for the little people who have no lobbyists, for the minority groups who sorely need justice. May it be the boast of our state government that not only the strong are heard but also the weak; not only the powerful, but the helpless; not only those with influence, but also those who have nothing but a case and an appeal. In Jesus' name we pray. Amen!

GOVERNOR'S VETO MESSAGE ON HB 472

To the Honorable Members of the General Court

It is with regret that pursuant to Article 44, Part II of the Constitution I return herewith House Bill 472, relative to management of solid waste and establishing a bureau of waste management, without approval and with my objections noted thereto as follows:

1. This bill would create one of the most powerful agencies in all of state government. It would be exceedingly costly to our citizens and would daily intrude in many arbitrary and dictatorial ways upon the lives of our people.

2. It would establish a new bureaucracy more powerful than water supply and pollution control at a time in our history when there is no overriding need for statewide management of waste and garbage disposal.

3. Under this bill any municipality unable to resolve its waste matter disposal to the satisfaction of the new bureau after one year's assistance by the state shall "have its disposal problem resolved exclusively by the state".

4. The new bureau of waste matter management would have the sole responsibility for specifications and construction of a public disposal facility for which the municipality would have to repay the state. If repayment was not made the bureau could ask the Attorney General to institute against such municipality an action of debt for the cost of the facility.

5. So harsh is this bill that it would change the usual rules of law in injunction proceedings by waiving the need to produce evidence of potential damage in an action for a temporary injunction.

6. The provisions for handling the dumping of out-of-state waste are good and should be worked over in a separate bill on this subject.

7. I am authorized to say that the Commissioner of Health and Welfare, Frank Whaland, under whose jurisdiction the proposed bureau would be placed, is also opposed to the enactment of this bill.

8. For the foregoing reasons I respectfully urge your careful reconsideration and hopefully your support of the objections to the bill.

Meldrim Thomson, Jr.

Rep. Greene moved that consideration of the veto on HB 472, be made a special order for Thursday, and spoke to her motion.

Rep. Russell Chase spoke in favor of the motion.

Rep. Daniel Healy inquired of the Speaker if it was proper that a motion for a special order to lie against the veto message.

The Speaker ruled that it could lie since the House had voted to do so in this session.

Rep. Kenneth Spalding moved the previous question.

Sufficiently seconded.

Schroeder: "That won't be for another ten years!"

Lucy: I just wanted to give you a break . . . in ten years I plan to be the most sought after girl in school!"

GOVERNOR'S VETO MESSAGE ON HB 492

To the Honorable Members
 of the General Court

I return herewith House Bill 492, providing for a per diem allowance and mileage for appointed members of the Prison Board of Trustees and making an appropriation therefor, without approval, pursuant to Article 44 Part II of the Constitution, with objections thereto noted as follows:

1. This bill provides a per diem of \$25 and mileage at 12 cents per mile for the Trustees of the Prison Board, and yet in the amend sections of RSA 10:2 that provides these increases no similar provision is made for the Trustees of the Youth Development Center whose appointment is provided for in the same section of this bill.

2. There is no sound reason to provide per diem or salaries for one set of trustees and fail to do so for all other trustees of boards and commissions in New Hampshire. In fact, it is the height of discrimination not to do so.

3. If we were to extend uniformly a per diem of \$25 to all trustees of all boards and commissions in our state government it could cost the state an extra \$200,000 a year. We certainly cannot afford this expenditure at this time.

4. One of the great strengths of our state government has been the voluntary service of hundreds of our citizens who serve on boards and commissions. Their great contributions cannot be measured in dollars.

5. We will begin to erode seriously the citizen character of our government if we try to place an inadequate price tag on the measure of their services.

For these reasons I respectfully urge your support to these objections to the enactment of House Bill 492.

Meldrim Thomson, Jr.

Reps. Spirou and Cornelius spoke in favor of overriding the veto.

Reps. George Wiggins Bednar and Marsh spoke in favor of sustaining the veto.

Rep. Noble moved the previous question.

Sufficiently seconded.

AMENDMENT

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Prison Employees Included as Permanent Policemen. Amend RSA 100-A:1, VII (supp) as inserted by 1967, 134:1, as amended, by striking out said paragraph and inserting in place thereof the following:

VII. "Permanent policeman" shall mean any person, male or female, who is a chief, deputy chief, marshal, deputy marshal, colonel, major, captain, lieutenant, sergeant, officer of other rank, commissioner of safety, field representative of the police standards and training council, director of fish and game, inspector, chief

clerk, clerk, radio dispatcher, radio engineer or operator, patrolman, trooper, detective, investigator, mechanic, electrician, laboratory worker or other technical expert regularly employed on full time duty by a police department or police force of the state, or of any county, city, town, village or precinct in the state and permanent correctional line personnel of the state prison, including directors of treatment, the warden, deputy wardens, the superintendent of prison industries, permanent civilian employees of prison industries, permanent classified maintenance, farm and kitchen personnel and rehabilitation counselors. In all cases of doubt, the board of trustees shall determine whether any person is a permanent policeman as defined herein.

Amend RSA 100-A:36-a as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

100-A:36-a State Prison Employees Transferred to Group II. All permanent correctional line employees of the state prison, including directors of treatment, the warden, deputy wardens, the superintendent of prison industries, permanent civilian employees of prison industries, permanent classified maintenance, farm and kitchen personnel and rehabilitation counselors who are group I members of the New Hampshire retirement system, or members of the state employees' retirement system, shall on July 1, 1975 become members of group II in the New Hampshire retirement system, notwithstanding the provision of any law to the contrary. From July 1, 1975, those permanent employees designated in this section shall thereafter be eligible for such benefits as are provided for group II members under this chapter, including credit for all prior service allowable, as if they had become group II members from the inception of the New Hampshire retirement system. The board of trustees shall make all necessary changes in its records to accomplish the foregoing transfers.

This amendment, which was requested by the sponsors of the bill and approved by them, corrects a legal problem which arose when the attorney-general's office ruled that if the bill passed the way it now reads, the prison employees would not be exempt from social security coverage. Since the sponsors intended that prison employees would become exempt from social security upon joining group II of the N.H. retirement system, this amendment redefines "permanent policeman" instead of "group II member" to accomplish that result. The amendment also incorporates the other changes to RSA 100-A:1, VII that were adopted in HB 699.

Amend the bill by striking out section 38 and inserting in place thereof the following:

38 Preservation of Transfers. The provisions of this act which transfer powers, duties and responsibilities from a division or a director of a division of the department of revenue administration to the commissioner or the department of revenue administration shall, notwithstanding any contrary provisions enacted during the 1975 regular session, be deemed to be in full force and effect and shall supersede such contrary provisions regardless of their effective date.

39 Effective Date. This act shall take effect July 1, 1975; provided, however, that the provisions of RSA 77-A:4, VII, as inserted by section 37, shall be effective only for tax years beginning on or after January 1, 1972, and the commissioner of revenue administration is authorized to make such adjustments in business profits taxes collected subsequent to January 1, 1972 as may be necessary to make said RSA 77-A:4, VII effective for such tax years.

This amendment retains the salary increases granted to two unclassified employees of the department of revenue administration in the 1975 budget. The amendment also provides that transfers of functions in the bill will be retained and will supersede any contrary provisions enacted during the regular session which do not recognize such transfers. The amendment also makes a technical correction in amending language and repeals RSA 78:23 to correspond to the changes made in HB 54, revising the tobacco tax law.

COMMITTEE OF CONFERENCE REPORT ON SB 182

The committee of conference to which was referred Senate Bill 182, An Act relative to municipal development of industrial facilities, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 162-G:2 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

162-G:2 Declaration of Need and Purpose. It is hereby declared that there is a need for the development of industrial, manufacturing and warehouse facilities within the state in order to alleviate and prevent unemployment, to insure the continued growth and prosperity of the state, and of the cities within the state and to promote the general welfare of all its citizens. It is the purpose of this chapter to authorize the cities of the state to foster and encourage the development of industrial facilities within or without their respective boundaries, acting directly or through an industrial development authority or a voluntary, nonprofit corporation, alone or in concert with one or more other governmental units, by acquiring, developing, expanding, leasing and disposing of such facilities, where such development is more appropriate under this chapter than under RSA 162-A or RSA 162-E, as determined by the governing body. It is further declared that the acquisition of title to such facilities, either directly or through an industrial development authority or a voluntary, nonprofit corporation, and the lease or sale of such facilities as provided hereunder is a public purpose and shall be regarded as performing an essential governmental function in carrying out the provisions of this chapter. However, competition among communities in this state merely for the purpose of seeking relocation of industrial facilities located in this state is contrary to the policy of this chapter.

Amend the introductory paragraph of RSA 162-G:8 as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

The governmental unit shall not acquire any industrial facility, or execute any lease or trust indenture or issue any bonds with respect thereto, unless the governing body has found after a hearing that the proposed acquisition, leasing, operation and use of such industrial facility will serve a public use and provide a public benefit and that such acquisition and leasing will be within the policy of, and the authority conferred by this chapter. The city council shall, before or after hearing, determine the appropriateness of proceeding under this chapter as required under RSA 162-G:2. The determination required by this section may be made by the governing body only after finding to its satisfaction that:

Amend RSA 162-G:15-a, I and II, as inserted by section 12 of the bill by striking out same and inserting in place thereof the following:

I. In any city which adopts this chapter, the powers and duties granted by this chapter, except those related to findings and approvals of the governing body and the obligations of the governmental unit, may be exercised by the city acting through an industrial development authority established under this section.

II. The governing body may establish an industrial development authority to exercise such powers and duties in the following manner:

(a) The authority shall consist of a board of directors of not less than nine nor more than fifteen members appointed for three year terms. A majority of the board members shall reside within the boundaries of the governmental unit. In a city, the board members shall be appointed by the mayor subject to confirmation by the city council. The terms of the initial members of the board so established shall be staggered so that one-third, or as close to one-third as possible, of the board members will be appointed each year.

(b) The governing body may provide that such city officers as it designates shall serve as ex officio members of the board in addition to those members appointed under subparagraph (a).

Amend the bill by striking out all after section 16 and inserting in place thereof the following:

17 Limitation to Cities. Amend RSA 162-G:1 (supp), as inserted by 1972, 57:1, by striking out said section and inserting in place thereof the following:

162-G:1 Adoption by Cities. In any city which adopts the provisions of this chapter that city shall have all of the authority, powers, duties and responsibilities set forth therein. Adoption shall be by a majority vote of all the members of the city council after a public hearing before the council of which notice has been given as provided in RSA 21:32. No town may adopt the provisions of this chapter nor may a town have the authority, powers, duties and responsibilities set forth therein.

18 Definition of Governmental Unit. Amend RSA 162-G:3, III (supp), as inserted by 1972, 57:1, by striking out said paragraph and inserting in place thereof the following:

III. "Governmental unit" shall mean a city.

II. Bonds shall bear the manual signature of the mayor and city treasurer if issued by a city having a mayor-council form of government or of the city manager and city treasurer if issued by a city having a manager-council form of government; and interest coupons, if any, shall bear the manual or facsimile signature of the treasurer in each case. Bonds shall also bear the seal of the governmental unit or a facsimile thereof. Bonds executed as herein provided shall be valid notwithstanding that before the delivery thereof and payment therefor any or all of the persons whose signatures appear thereon shall have ceased to hold office.

20 Authorization Required, Majority Vote of City Council. Amend RSA 162-G:10 (supp), as inserted by 1972, 57:1, by striking out said section and inserting in place thereof the following:

162-G:10 Action by the Governmental Unit. In a city, action by the governmental unit shall be authorized by a majority vote of all the duly-elected members of the city council. Action under this chapter may be in concert with the industrial development authority acting under RSA 162-A or RSA 162-E or projects may be sold to such authority at any time during their development. Industrial facilities may be located outside the boundaries of the governmental unit undertaking the project if such projects are approved by the governing body of the city or town in which they are located as follows: if the facility is to be located (a) in a city, by a majority vote of all the duly-elected members of the city council or (b) in a town, by a vote of two-thirds of the registered voters present and voting at a regular or duly-called special town meeting. No action may be taken by a city less than seven days after the hearing.

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Insurance Agents. Amend RSA 402 by inserting after section 15-a the following new sections:

402:15-b Direct Billing Restricted. No insurer authorized and licensed to issue policies of insurance other than life and accident and health insurance and to transact business in this state shall demand or make mandatory upon any agent so licensed in this state, any system of direct billing to the insured by the insurer unless such system shall be approved, accepted and endorsed by any such agent in writing, on a form prescribed by the commissioner. No insurer authorized and licensed to issue policies of insurance other than life and accident and health insurance and to transact business in this state shall cancel an agent's book of business with such insurer in its

entirety or in part following an agent's decision not to accept a direct billing proposal advanced by the said insurer wherein such cancellation can be attributed to the agent's decision not to accept a system of direct billing to the insured.

402:15-c Termination of Insurance Agency Contracts.

I. Any insurance company authorized to transact fire or casualty business in this state shall, upon termination of an agent's appointment by said company, permit the renewal of all contracts of insurance written by such agent for a period of one year from the date of such termination, as determined by the individual underwriting requirements of said company; provided, however, that if any contract does not meet such underwriting requirements, the company shall give the agent sixty days' notice of its intention not to renew said contract.

II. No insurance agency contract entered into in this state by a licensed insurer with an insurance agent licensed under this chapter shall be terminated by the licensed insurer unless the licensed insurer upon terminating such contract shall give not less than ninety days' written notice in advance to the other party unless the contract shall be terminated by the licensed insurer for failure of the licensed insurance agent, after receiving a written demand, to pay over monies due to such insurer, provided during said ninety-day period after any such notice, the licensed insurance agent shall not write or bind any new business on behalf of the licensed insurer without the specific written approval by such insurer of such business. This paragraph shall not apply to any contract with an agent for the sale of life insurance.

III. Any insurance company renewing contracts of insurance in accordance with this section shall pay commissions for such renewals to the terminated agent in the same amount as had been paid to him on similar policies during the twelve months immediately preceding the notice of termination.

2 Effective Date. This act shall take effect upon its passage.

Conferees on the Part of the Senate, Sens. Ferdinand, Poulsen and Bergeron.

Conferees on the Part of the House, Reps. S. Clark, Hess, Packard and Gelinias.

4 Effective Date. This act shall take effect July 1, 1976.

The title is changed to conform to the bill's contents. Sections 1 and 2 are stricken out following consultation with the sponsors of HB 983 and HB 964 because both bills amended the same sections in conflicting ways. The sponsors wish the sections as they were amended in HB 964. The second change corrects an error in the amending language. The third change is a grammatical change of "indices" to indexes" and clarifies procedures for delivery of the journal indexes. The fourth change conforms this bill to the changes made by HB 937. The effective date is rewritten to conform to the deletion of sections 1 and 2.

Adopted.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

(c) Whose parents, guardian or custodian are unable to discharge their responsibilities to and for the child because of incarceration, hospitalization or other physical or mental incapacity; or

(d) Who has been placed for care of adoption in violation of law.

VI. "Person in need of supervision" means a child under the age of eighteen who:

On motion of any probation officer alleging that either justice or convenience requires the transfer of the petition to some other district or municipal court, such petition may be transferred to such court if justice or convenience requires.

5 Custody of Children. Amend RSA 169:7 (supp), as amended, by striking out said section and inserting in place thereof the following:

169:7 Custody. Pending final disposition of the case:

I. III. A delinquent child may be retained in the custody of the person having the child in charge, or in the custody of the probation officer, or may be kept in some suitable place at the expense of the town, county or state, as may be ordered by the court; provided, however, that if the court places such child in the custody of the youth development center, final disposition of his case shall be made within thirty days after such placement.

IV. If custody in any case under this section is awarded to the director of the division of welfare, department of health and welfare, the expense for the maintenance and care of the child shall be borne by the town in which the child resides, and the town shall have a right of action over for such expense against whoever is legally chargeable for the child's support, and the court may make orders of reimbursements to town of residence as may be reasonable and just.

6 Commitment to Jail. Amend RSA 169:8 by inserting in line four after the word "a" the following (delinquent) so that said section as amended shall read as follows:

169:8 No Committal to Jail. No child shall be committed to a jail or police station, or other place where he can come in contact with any adult under arrest or charged with or serving sentence under conviction of crime; provided that a delinquent child whose habits or conduct are deemed such as to constitute a menace to other children, may by order of the court be restrained in a jail or other place of detention for adults, but in a separate room or ward.

7 Disposition of Delinquents. Amend RSA 169:14 (supp), as amended, by striking out said section and inserting in place thereof the following:

169:14 Disposition of Delinquents; Probation; Institution Care. When a child is found to be delinquent, the court may commit the child to the youth development center or continue the case with such orders as to care, custody, and probation as justice and the welfare of the child require. After the delinquent child has passed the age of seventeen years, the court may, under its continuing jurisdiction, commit him either to the youth development center, house of correction, jail or state prison, for

all or any part of the term of his minority. A summary of the probation officer's investigation shall accompany each commitment. All records pertaining to cases of delinquency shall be kept at all times so that no one, except by court order, other than officers of the institution where the child is committed, duly accredited probation officers and others entrusted with the corrective treatment of said child, shall have access to the same. Any officer or employee of an institution who permits other than authorized persons to have access to such records, or any officer or employee or person entrusted with the use of the same for corrective purposes, or anyone else, who publishes or broadcasts or permits the publication or broadcast of such records or parts of the same, except by court order, shall be in contempt of court. This prohibition shall not be construed to prevent publication as provided in this section or RSA 169:27.

169:13-a Disposition of Persons in Need of Supervision.

I. When a child is found to be a person in need of supervision, the court may place such child in a shelter care facility designated in this paragraph, if such facility is not one in which children alleged or adjudicated to be delinquent may be detained or committed under this chapter:

(b) A home expressly approved by the court for this purpose;

(c) A facility operated by a licensed child welfare agency; or

(d) Any other facility designated by the court as suitable for this purpose other than the youth development center.

II. 169:17-a Orders for Physical and Mental Treatment. If it is alleged in any complaint, or it appears at any time during the progress of the case, that a person in need of supervision or a neglected or delinquent child is in need of physical treatment, the failure to receive which is a contributing cause of neglect or delinquency, due notice of that fact shall be given as provided in RSA 169:4. If the court, upon hearing, finds that such treatment is reasonably required, he shall order the parent, guardian or custodian of the child to provide it. If this order is not obeyed within a reasonable time, the court shall require such treatment to be provided at the expense of the town in which the child resides, and recovery of the expenses thereby incurred shall be had from the person or persons chargeable by law for the child's necessities. Any court finding that a child is delinquent may, before making disposition of the case as provided in RSA 169:14, order such delinquent to be taken for examination to the nearest mental hygiene clinic, having regard to time and place, that is served by or qualified by the director, division of mental health, department of health and welfare. If at the clinic the juvenile delinquent shall not appear to present a case for further mental study and treatment, the clinic shall report to the court that fact and such other findings as may be pertinent, and the court shall dispose of the case as provided in RSA 169:14. If the delinquent child shall appear to present a case for further study and treatment, that fact shall be reported by the said clinic to the court, and if the court finds that fact to be true, upon hearing and after notice as provided in RSA 169:4, it may make an order for such care, treatment or commitment to any public or private institution providing psychiatric treatment, including the New Hampshire hospital, as the welfare of the child and society require, and may thereafter modify the order disposing of the petition as justice may require. The expense of any commitment, care of treatment ordered by the court as provided herein shall be recovered in the same manner as provided for in connection with physical treatment.

10 Insanity or Feeble-Mindedness. Amend RSA 169:18, as amended, by striking out said section and inserting in place thereof the following:

169:18 Feeble-minded or Insane Child. If it is alleged in any complaint or appears at any time in the progress of the case that a child may be feeble-minded or insane, due notice of that fact shall be given as provided in RSA 169:4, and if the court, upon hearing, finds that the child is either insane or feeble-minded, the court may commit said child to the New Hampshire hospital or to the Laconia state school, to be detained and cared for, with the right of recovery against the person or persons chargeable by law for support.

11 Review of Disposition Required. Amend RSA 169 by inserting after section 31 the following new section:

169:31-a Review of Disposition Required. The court shall review the disposition of each child under RSA 169:7, 10, 13-a or 14 at least once within one year after such disposition and at least annually thereafter.

12 Election by Child. Amend RSA 169 by inserting after section 21-a the following new section:

169:21-b Election by Child. In a juvenile court, at any time before a hearing on the allegations of a petition filed pursuant to RSA 169:3, a child who is charged with an act of delinquency committed after his seventeenth birthday may by motion elect to be tried as an adult and to have his case dealt with in the same manner as any other criminal prosecution.

13 Jurisdiction Over Certain Persons. Amend RSA 169 by inserting after section 29 the following new section:

169:29-a Jurisdiction Over Certain Persons. The juvenile courts shall have jurisdiction over any person with respect to whom a petition is filed under this chapter before his nineteenth birthday for an alleged delinquency offense committed before his eighteenth birthday. Jurisdiction obtained by a court over a person under this section and all order affecting him then in force, unless terminated prior thereto by the court, shall terminate when the person reaches nineteen years of age.

14 Penalty for Possession of Liquor or Alcoholic Beverages by Minor Changed. Amend RSA 175:8-a (supp), as inserted by 1959, 157:1, as amended, by striking out in line two the word "misdemeanor" and inserting in place thereof the following (violation) so that said section as amended shall read as follows:

175:8-a Unlawful Possession. Any minor who has in his possession any liquor or alcoholic beverage shall be guilty of a violation. Any minor convicted of unlawful possession of liquor or alcoholic beverages shall forfeit the same, and it shall be disposed of as the court directs. The proceeds, if any, shall be paid into the treasury of the county wherein the proceedings were determined.

And concerns of all kinds in several places seem to demand our time more and more. Don't let our minds wander too far from the business at hand. The world is constantly crying for doers! For persons of faith and integrity and action! Give us the necessary strength to adequately meet the challenges of this day. In Jesus' name we pray. Amen!

GOVERNOR'S VETO MESSAGE ON HB 497

To the Honorable Members of the General Court

I return herewith HB 497 without approval pursuant to Article 44, Part 2 of the Constitution with objections thereto noted below:

1. This provides a per diem of \$25.00 for Parole Board Members and increases its present per diem for School Building Authority Members from \$8.00 to \$25.00.

2. This bill would provide per diem for members of our citizen boards and in that respect is similar to HB 492 which would have provided an equal per diem for Trustees of the Prison Board. Last week the Legislature sustained the veto of HB 492.

3. Upon vetoing HB 492 I pointed out that — "If we were to extend uniformly a per diem of \$25 to all trustees of all boards and commissions in our state government it could cost the state an extra \$200,000 a year. We certainly cannot afford this expenditure at this time.

"One of the great strengths of our state government has been the voluntary service of hundreds of our citizens who serve on boards and commissions. Their great contributions cannot be measured in dollars.

"We will begin to erode seriously the citizen character of our government if we try to place an inadequate price tag on the measure of their services",

For these same reasons I respectfully urge your support to these objections to the enactment of House Bill 497.

Sincerely,
Meldrim Thomson, Jr.

VETO MESSAGE ON HB 928

To the Honorable Members of the General Court

It is with the utmost regret that I return herewith HB 928, without my approval and pursuant to Article 44, Part 2 of the Constitution for the following reasons:

1. Wherever possible I have avoided interfering with legislation directly connected with the Legislature. By the Constitution the Governor is made a part of the legislative process. By my oath of office I believe that it is incumbent upon me to oppose proposed legislation which in my judgment might unbalance the equal and separate division of power between the three branches of government as provided in Article 37, Part 1 of the Constitution.

2. By Article 56, Part 2 of the Constitution the Governor and Council are given the power to disburse the monies of the state in accordance with legislative direction.

3. This bill would bypass this salutary caution and, subject to constitutional question, make it possible for the Legislature to obtain and spend federal monies without the customary precaution of a check by Governor and Council.

4. The Judicial branch of government cannot make contracts and disburse money as contemplated by this bill. Why should the Legislature be made an exception?

This administration has been sympathetic and cooperative with the reasonable goals of the Legislative Leadership and Members. We have every intention of continuing such cooperation. In fact, we stand ready to help the Leadership obtain any available Federal funds for useful purposes designed to improve the efficiency of legislative organization and the quality of legislation.

5. Thus, there is no real need for this bill. Moreover, it could set a bad and eroding diminution of the powers of the Executive and Judicial branches of government.

For these reasons I respectfully return HB 928 without my approval.

Meldrim Thomson, Jr.

Question being shall HB 928 pass notwithstanding the Governor's veto.

Reps. George Wiggins, George Gordon and Coutermarsh spoke in favor of sustaining the veto.

Reps. Gardner and French spoke in favor of overriding the veto.

Rep. Plourde moved that HB 928 be laid upon the table.

Rep. Hess wished to be recorded in favor of overriding the veto and in favor of laying upon the table.

VETO MESSAGE ON HB 976

To the Honorable Members of the General Court

I regretfully return herewith HB 976, without approval and pursuant to Article 44, Part 2 of the Constitution, for the following reasons:

1. In general the social pendulum has swung much too far with legislation to direct and control almost every aspect of our private lives and our contacts with other persons.

I am unaware of any need for legislative compulsion in order to insure separate but equal sport programs and opportunities for boys and girls and men and women of our state.

If such need did exist in public schools and public colleges it should first be responded to by guidelines suggested by the State Board of Education and the Board of Trustees of the University System.

This bill could provoke a long train of litigation involving school officials, coaches and others only to produce costly court solutions for problems that exist in the minds of social architects rather than on the playgrounds and athletic fields of our state.

2. Specifically, I am advised that the Congress has 45 days to disapprove federal regulations now before it that would impose similar constraints. If these proposed regulations are not eliminated by the Congress, it is my understanding that the National Collegiate Athletic Association which opposes them, will seek judicial relief. Thus, this entire matter is presently one of controversy and flux.

3. I believe that we in New Hampshire can avoid discrimination against the sexes in sport programs and activities without enactment of constrictive and punitive legislation.

For these reasons I return herewith HB 976 without my approval.

Meldrim Thomson, Jr.

Question being shall HB 976 pass notwithstanding the Governor's veto.

Reps. Favreau, Barbara Kidder and Richard Bradley spoke in favor of sustaining the veto.

Reps. Orcutt, McManus, Goff, Day and Spirou spoke in favor of overriding the veto.

Whereas, the question has been raised as to the constitutionality of House Rule 32 (1) (4) as applied to said resolution; now, therefore, be it Resolved by the House of Representatives:

That the Justices of the Supreme Court be respectfully requested to give their opinion on the following question:

Does the application of House Rule 32 (1) (4) so as to prevent the proposed House Concurrent Resolution entitled 'Making Application to the Congress of the United States to Call a Convention to Propose the So-called "Liberty Amendment"' to the Constitution of the United States' from being brought before the House of Representatives deprive the member of the House of Representatives proposing said resolution of any right granted to him under Article V of the United States Constitution?

That the clerk of the House of Representatives forward ten copies of these resolutions, ten copies of the proposed House Concurrent Resolution and ten copies of House Rule 32 (1) (4) to the Justices of the Supreme Court.

The clerk read the resolution in full.

Rep. Hager moved that HR 12 be laid upon the table.

Adopted.

The Speaker requested the sense of the House as to an invitation for the President of the Senate to address the House.

No objections being raised, the Speaker instructed the Sergeant-At-Arms to inform the President of the Senate that he had been invited to address the House.

The President of the Senate addressed the House briefly concerning the House action on the Committee of Conference Reports on HB 75, prohibiting persons from seeking or holding office as a member of the general court and county commissioner at the same time, and SB 80, excluding evidence of unreasonable and imprudent speed obtained by law enforcement officers in an unmarked or hidden vehicle.

UNANIMOUS CONSENT

Rep. Benton addressed the House by unanimous consent.

Rep. Hanson moved that Rep. Benton's remarks be printed in the Journal.

Adopted.

A FAREWELL MESSAGE FROM THE GREAT MEN ON THE WALL

For many years now we've looked down on this hall
And we've come to know all who here dwell
The time grows short till the final gavel
We are sad that this means farewell.

Some of you come and remain a short time,
While others we've been friends with for years,
The freshmen and vets, the Dems and the Reps.,
May you all serve again in this hall.

We will miss you all, this is for sure,
Even those who loud and long orate,
For we know that you all have one thing in common,
Devotion to and a love for the Granite State.

To greet you, and those who follow
Here we remain evermore,
We'll continue in silence to listen and watch
The deeds and words of you down on the floor.

When you've pressed the green button and stand adjourned
And you're making your last farewells,
Glance up at us for one last time,
Our lips are still, but our eyes say to all,
Godspeed friends, and a safe return
From your admirers high on the wall.

SENATE MESSAGE

ACCEDE TO REQUEST TO SUSPEND THE JOINT RULES
COMMITTEE OF CONFERENCE REPORT

HB 828, making appropriations for capital improvements.

GOVERNOR'S VETO ON HB 788

To the Honorable Members of the General Court:

I return herewith without approval House Bill 788 relative to the appointment of guardians for incompetent persons and protective services to adults, pursuant to Article 44, Part II of the Constitution. I note my objections thereto as follows:

1. Any person under the terms of this legislation may petition the probate court for appointment of a guardian of another. The possibilities for abuse in requiring a victim to prove his sanity are unlimited.

2. Those who are subjected to sanity hearings will be severely penalized by being required to pay all costs to prove their competence.

3. Those who are incompetent are deserving of assistance, not penalties imposed by requiring them to bear undue expense.

4. The right of the Court to appoint suitable counsel to represent indigent persons is taken away. This bill mandates that the New Hampshire Legal Assistance shall represent indigents unless no Legal Assistance attorney is available. This is an unacceptable limitation to impose upon the discretion of the probate court.

Let us work together to provide for the appointments of guardians in a safe, sane manner consistent with the freedoms guaranteed by our Constitution.

I respectfully urge your support of my objections to House Bill 788.

Sincerely,
Meldrim Thomson, Jr.

ENROLLED BILLS AMENDMENT

HB 1006, increasing certain sources of revenue for the state.

AMENDMENT

Amend section 8 of the bill by striking out line three and inserting in place thereof the following: 294:117 Annual Fee. For the privilege of continuant its corporate franchise,

Amend the bill by striking out section 11 and inserting in place thereof the following:

11 Maintenance Fee for Foreign Partnerships. Amend RSA 305-A:1, I (supp) as inserted by 1975, 96:1, by striking out said paragraph and inserting in place thereof the following:

I. Every foreign partnership, including foreign limited partnerships desiring to do business within this state, shall pay a registration fee of one hundred dollars and an annual maintenance fee of fifty dollars to the secretary of state on the first business day of April following the date of registration and on the first business day of April thereafter, provided that a foreign partnership that has received its certificate of authority pursuant to RSA 305-A:2 between December first of the preceding year and April first shall not be required to pay the maintenance fee during that year.

Amend the bill by striking out section 12 and renumbering section 13 to read as 12

Amend section 12 of the bill, as renumbered, by striking out said section and inserting in place thereof the following:

12 Effective Date. This act shall take effect July 1, 1975.

The first amendment corrects a typographical error in the bill. The second amendment is necessary to avoid a conflict with HB 213 passed earlier in the session. HB 213 reorganized RSA 305-A:1 into paragraphs, and this section is rewritten to increase the fees in the appropriate paragraph.

Section 12 of the bill is stricken out because it was connected with the tobacco tax increase and should have been taken out when that tax was omitted from the bill.

The change in the effective date is necessary to avoid a conflict with the provisions of HB 213 passed earlier in the session.

Adopted.

PARLIAMENTARY INQUIRY

Rep. Spirou inquired whether a vote on an Executive veto could be reconsidered.

The Speaker ruled that the action on a veto could be reconsidered since House and Joint Rules contain no reference to the question and that when a question is not covered by such rules or precedent, then Mason's Manual of Legislative Procedure would prevail. Section 458 of Mason's states: When an executive returns a bill or ordinance to a legislative body with his objections (veto), the further consideration of the measure is not itself a reconsideration in the parliamentary sense. A vote taken on further consideration of the measure, whether in the affirmative or negative, can be reconsidered.

RECONSIDERATION

Rep. Chandler moved reconsideration on SB 2, and subsequently withdrew his motion.

The Subcommittee on Resolutions and Screening having approved its introduction, Reps. Young and Roderick Allen offered the following:

HOUSE RESOLUTION NO. 14

student loan program.

Resolved by the House of Representatives that the House Education Committee is directed to study and develop a student loan program for New Hampshire residents attending New Hampshire colleges. The committee shall submit a report of its findings and any proposed legislation to the speaker of the house on or before October 1, 1975.

The clerk read the resolution in full.

Reps. French, Cornelius and Lockhart spoke against the resolution.

Rep. Roderick Allen spoke in favor of the resolution.

Rep. Spirou moved that the HR 14 be laid upon the table.

Adopted.

RECONSIDERATION

Rep. McLaughlin moved reconsideration on SB 2.

Rep. Spirou moved that consideration of Reconsideration be made a special order at such time as the House next convenes.

Rep. Spirou withdrew his motion.

Question being on reconsideration of SB 2.

Reps. Hanson, Spirou and Gorman spoke in favor of reconsideration.

"Good ol' Charlie Brown" by Shultz—April 13, 1975

Scene: Sally and Charlie—Sally is making a world map.

Sally: dot-dot-dot-dot-dot-dot-dot!! (Sally is working with a pencil)

She says: "This is a school project. I'm drawing a map of the whole world.

I have to put in all the countries, and all the capitals, and all the mountains, and the rivers, and the trees, and the rocks and all the people!

Dot-dot-dot-dot-dot!

This is the hardest part . . . drawing in all their eyes . . . I'm also putting in all the dogs and cats and bugs . . . do you realize how many bugs there are in the world?

There! It's finished! Now, I can go to bed knowing it's been a job well done.

Charlie: (Tucked in bed) He reflects: "She sure gets involved in some weird projects.

Salley: Dot-dot-dot-dot-dot-dot-dot! (She is back at work on the map)

Charlie: (Walking into the kitchen). Says: "I thought you were in bed . . . I thought you were finished. .

Sally: "I forgot horses and cows.

It is difficult getting the world together, dear God. We want our world together. Bless us with the courage to do our part. They say, "To really love is to risk!" Dear God, give us courage enough to risk enough that we might live enough to do our utmost to bring Your Healing to the nations. Let our lives be the "salt" and "light" You seek and bring Your Way—Your Trusty—Your Life in every word and deed. Amen!

Rep. French led the Pledge of Allegiance.

MY COUNTRY, 'TIS OF THEE

(Samuel F. Smith 1808-1895)

My country, 'tis of Thee, Sweet land of liberty, Of Thee I sing;
Land where my fathers died, Land of the pilgrims' pride,
From every mountain side Let freedom ring.

My native country, Thee, Land of the noble free, Thy name I love;
I love thy rocks and rills, Thy woods and templed hills;
My heart with rapture thrills, Like that above.

Let music swell the breeze, And ring from all the trees Sweet freedom's song;
Let mortal tongues awake; Let all that breathe partake;
Let rocks their silence break; The sound prolong.

Our father's God, to thee, Author of liberty, to thee we sing;
Long may our land be bright With freedom's holy light;
Protect us by Thy might, Great God, our King. Amen!

Good morning Lord. Thank You for reminding us to be ourselves today. Gently, oh, so gently, remind us of that old fable called "The Frog and the Ox." When the frog sought to blow himself up as big as the ox, he swelled and swelled until he burst. The fable teaches us that "Self-conceit may lead to self-destruction." Dear God, save us from self-conceit and self-depreciation. And for the same reason: the rejection of the self. Help us to be humble enough to dare to be ourselves, open and honest, always knowing that You love and accept us just as we are. In this freedom we come forward to do our best for You and our fellowman with a sensitivity to the selfhood of all persons. God bless our nation and people. God bless all nations and all people. In the name of the One who came to set all persons free, Jesus Christ. Amen!

SUPREME COURT OPINION ON SB 138

To the House of Representatives:

The question referred to this court is whether the legislature may constitutionally limit the definition of "business organization" under RSA 77-A:1 I so as to relieve from business profits taxation otherwise taxable net income derived from sales of spirits and wines brought into the State by certain suppliers under the express direction of, or under an agreement with, the State liquor commission for sale to the commission, as proposed in Senate bill 138. RSA 77-A:1 I (Business Profits Tax: Definitions) defines a business organization as "any enterprise, whether corporation, partnership, sole proprietorship, association, business trust, real estate trust or other form of organization, which is organized for gain or profit and which derives economic benefit from the employment of property or labor or both within the state, except such enterprises as are expressly made exempt from income taxation..." under the applicable federal statutes. RSA 72-A:2 (Supp. 1973) imposes a tax at the rate of seven percent upon the taxable business profits of every business organization.

Senate Bill No. 138 would narrow the scope of the term "business organization" as used in RSA 77-A:1 I by providing that "[f]or the purpose of this paragraph, the phrase 'property within the state' does not include spirits and wines which are brought into the state for purpose of sale to the State liquor commission under the express direction of or under an agreement with said commission." Limiting the statutory definition of "business organization" in this fashion would relieve from taxation the otherwise taxable net income derived from the sale of spirits and wines to the State liquor commission.

The New Hampshire constitution entrusts the legislature with broad discretion to selectively classify property for the purpose of taxation. *Opinion of the Justices*, 106 N.H. 202, 206, 208 A.2d 458, (1965); *Opinion of the Justices*, 97 N.H. 533, 536, 81 A.2d 845, 848-49 (1951); *Opinion of the Justices*, 95 N.H. 548, 550, 65 A.2d 700, 702 (1949); *Havens v. Attorney-General*, 91 N.H. 115, 118, 14 A.2d 636, 638 (1940); N.H. CONST. pt. II, arts. 5 and 6. "Inequality of taxes laid is forbidden, but inequality caused by taxing some property and not taxing other is permitted." *Opinion of the Justices*, 82 N.H. 561, 574, 138 A. 284, 291 (1927). Legislative classifications of property for purposes of taxation will be sustained so long as "just reasons" for the selections exist. *Opinion of the Justices*, 106 N.H. 202, 206, 208 A.2d 458, 461 (1965); *Opinion of the Justices*, 94 N.H. 506, 508, 52 A.2d 294, 296 (1947); *Opinion of the Court*, 4 N.H. 565, 568 (1829).

While the legislature's discretion to classify property is broad, the constitution prohibits it from classifying taxpayers for purposes of taxation. *Opinion of the Justices*, 106 N.H. 202, 205, 208 A.2d 458, 461 (1965); *Opinion of the Justices*, 97 N.H. 533, 536, 81 A.2d 845, 849 (1951); N.H. CONST. pt. II, art. 6. "Property can be classified for tax purposes. The taxpayers cannot." *Opinion of the Justices*, 4 N.H. 559, 569, 149 A. 321, 326 (1930).

Whether Senate Bill No. 138 as presently drafted seeks to classify taxpayers or only property is not clear. "[T]he constitutionality of a statute is to be decided by an examination of its real purpose and its actual effect." *Opinion of the Justices*, 87 N.H. 496, 497, 179 A. 409 (1935). If the effect of the proposal is to exempt certain taxpayers, i.e. those who sell spirits and wines to the State liquor commission, from this State's general business profits tax, it is unconstitutional. If, however, Senate Bill No. 138 merely classifies net income from the sale of "spirits and wines" to the State liquor commission as property exempt from taxation and if a "just reason" can be found for doing so, it is constitutional. *Opinion of the Justices*, 114 N.H. 174, 177-78, 317 A.2d 568, 570 (1974).

VETO MESSAGE ON HB 56

To The Honorable Members of the General Court:

I respectfully return herewith and without approval House Bill 56, relative to a general revision of laws regulating land surveyors pursuant to Article 44, Part II of the Constitution with my objections noted thereto:

1. I understand this bill was introduced at the request of the Board of Registration For Land Surveyors to make improvements and housekeeping amendments in the statutes affecting the Board.

2. Sections 16 and 17 of the bill were added later. These have received the strong opposition of the Board and land surveyors.

3. Section 16 of the bill would allow a candidate of registration as land surveyor to decide whether he wants an oral or written examination. Presently the Board makes that decision.

Section 17 of the bill provides that a candidate would need only twelve semester hours in surveying and one year of experience. This would dilute the requirements of the Preceding sections.

4. I set forth below the texts of letters from the Secretary of the Board and the Vice Chairman of the Board requesting that the bill be vetoed:

"The Board of Registration for Land Surveyors respectfully requests that you do not sign HB 56 into law. HB 56, in its original form, was written by the Board of Registration for Land Surveyors as a housekeeping bill to close several loopholes in the original law. The final version as passed by the House and Senate contains most of the provisions requested by the Board, but also contains two amended paragraphs and a new paragraph inserted by others which, if enacted would make a farce of the entire surveying registration law.

"The specific paragraphs to which the Board objects are the last three of the bill. Two of these paragraphs allow an applicant to choose the method of examination. The last paragraph of the bill completely destroys the requirement for six years of total experience. It would allow anyone who had 12 semester hours of approved courses with one year of experience to become registered as a land surveyor if he could pass two examinations.

"It is the Board's unanimous opinion, in the strongest possible terms, that HB 56 is not in the best interest of the people of the State of New Hampshire.

Sincerely,
FOR THE BOARD OF REGISTRATION
/s/ Thomas F. Moran
Secretary"

"This letter is just to echo the sentiments expressed by our Secretary, Thomas Moran in his letter of June 19th and to add support to this letter.

"Last night the N.H. Land Surveyor's Association voted unanimously to request your veto of HB 56 mostly because of the addition of (17 v pg. 12) which we feel lowers the requirements for becoming registered to sub-professional standards.

Sincerely,
/s/ Edward N. Herbert
Vice Chairman, Bd. of Reg. for L.S."

5. I understand that there are some problems with respect to civil engineers qualifying as members of the Board of Registration for Land Surveyors. Such problems could and should be corrected in another bill for the next session of the Legislature.

For the above reasons I return HB 56 without my approval.

Sincerely,
Meldrim Thomson, Jr.

Question being shall HB 56 pass notwithstanding the Governor's veto.

Rep. Marsh requested a quorum count.

The Speaker declared a quorum present.

Reps. Skinner, McLane and Sanborn spoke in favor of sustaining the veto.

Reps. Ellis and Duprey spoke in favor of overriding the veto.

Rep. Russell Chase moved the previous question.

Sufficiently seconded.

VETO MESSAGE ON HB 888

To The Honorable Members of The General Court:

I respectfully return herewith and without approval House Bill 888, relative to establishing procedures for class actions in state courts pursuant to Article 44, Part II of the Constitution with my objections noted thereto:

1. This bill would encourage mass litigation by minority groups with the resultant effect of adding an inestimable heavy burden of work on our Superior Courts with the primary benefit running to practicing lawyers.

2. For too many years in the past decade progress has been impeded and legitimate business constrained by irresponsible class actions. Fortunately, the class action pendulum in the nation has begun to swing away from these counterproductive law suits.

3. I know of no reason why New Hampshire should at this late hour adopt the bad practice of class actions presently pursued in some state and federal jurisdictions.

4. I believe that this bill would impose directly and indirectly a heavy cost burden on business which might be only incidentally involved in the litigation but would be required to defend.

In short, this would be a most costly bill to the taxpayers of the state, to the legitimate business community, and to countless consumers. I am not aware of any benefits to our people that would justify such costs.

For the above reasons I return HB 888 without my approval.

Sincerely,
Meldrim Thomson, Jr.
